SUBJECT: HRM Emergency Measures By-law E-100
Change in provincial legislation from municipal "Emergency Measures
Organization" to "Emergency Management Organization"

RECOMMENDATION REPORT

ORIGIN

Section 10 of the Emergency Management Act (1990) of Nova Scotia requires that every municipality in Nova Scotia is to establish and have a municipal emergency by-law. HRM currently has a municipal emergency by-law, E-100, effective Jun 22, 1996.

RECOMMENDATION

It is recommended that the EMO Advisory Committee approve the attached revised Emergency Measures by-law (E-100) and present it to Regional Council with a notice of motion "to amend the Emergency Measures By-law in a manner consistent with the provincial change referring to municipal Emergency Management Organizations from municipal Emergency Measures Organizations".

BACKGROUND

The provincial Emergency Measures Act was first created in 1990 to give a provincial structure to enable a prompt and coordinated response to an emergency and also to allow for the creation of municipal emergency measures organizations. At the time, these local emergency measures organizations were to create plans and procedures that would detail the extraordinary actions, or “measures” that each municipality would conduct in order to respond in a coordinated manner to an emergency, hence the term Emergency Measures.

Over time, the role of local and provincial emergency measures organizations has changed to include prevention, preparedness, mitigation and recovery as well as response to emergencies. Because of this expanded role in emergency planning and response, several provincial governments across the country have amended references to emergency measures to better reflect the planning and coordination that is now part of their mandates by becoming organizations to manage the overall emergency management for the preparation and response to large scale emergencies.

In 2005, the province of Nova Scotia amended the existing Emergency Measures Act to reflect these changes at both the provincial level and the municipal level. Section 10 of the revised act now requires every municipality to establish and maintain a municipal emergency management organization

DISCUSSION

To keep the municipal by-law in harmony with provincial emergency management legislation, the attached HRM Emergency Measures by-law has been amended to remove references to “emergency measures” and replace them with “emergency management”.

The EMO Planning Committee has reviewed and approved this administrative change to the EMO By-law.

BUDGET IMPLICATIONS

There are no budget implications to the amendment of this by-law.

FINANCIAL MANAGEMENT POLICIES / BUSINESS PLAN

This report complies with the Municipality’s Multi-Year Financial Strategy, the approved Operating, Capital and Reserve budgets, policies and procedures regarding withdrawals from the utilization of Capital and Operating reserves, as well as any relevant legislation.

ALTERNATIVES

The EMO Advisory Committee may elect not to amend this by-law.
