Halifax Regional Council
August 2, 2011

TO: Mayor Kelly and Members of Halifax Regional Council

Original Signed

SUBMITTED BY: Councillor Bob Harvey, Chair, North West Community Council

DATE: June 28, 2011

SUBJECT: Case 16423: Plan Amendment for Monarch and Rivendale
Subdivision, Beaver Bank

ORIGIN

North West Community Council June 23, 2011.

Motion passed that North West Community Council Give First Reading to consider the proposed amending development agreement for the remaining phase of the Monarch subdivision as shown in Attachment D of the staff report dated April 5, 2011, and schedule a joint public hearing with Regional Council.

RECOMMENDATION

It is recommended that Halifax Regional Council:

1. Give First Reading to consider amendments to the Municipal Planning Strategy and Land Use By-law for Beaver Bank, Hammonds Plains and Upper Sackville as identified in Attachments A, B and C of the staff report dated April 5, 2011 and schedule a joint public hearing with North West Community Council;
2. Approve the proposed amendments to the Municipal Planning Strategy and Land Use By-law for Beaver Bank, Hammonds Plains and Upper Sackville as identified in Attachments A, B and C of the staff report dated April 5, 2011;
3. Following Ministerial approval for the Municipal Planning Strategy and Land Use By-law amendments, approve, by resolution, the discharge of the existing development agreement for the completed phases of Monarch Subdivision as shown on Map 4 and in Attachment E of the staff report dated April 5, 2011;

RECOMMENDATIONS CONTINUE ON PAGE 2

4. Following Ministerial approval for the Municipal Planning Strategy and Land Use By-law amendments, approve the proposed amending development agreement for the incomplete phase as shown in Attachment D of the staff report dated April 5, 2011; and
5. Require the agreement be signed by the property owner within 120 days, or an extension thereof granted by Council on request of the property owner, from the date of final approval by Council and any other bodies as necessary, including applicable appeal periods, whichever is later; otherwise this approval will be void and obligations arising hereunder shall be at an end.

BACKGROUND/DISCUSSION

The North West Community Council discussed this matter during its June 23, 2011 meeting.

Additional information can be reviewed within the North West Planning Advisory Committee's June 1, 2011 report and attached staff report dated April 5, 2011.

BUDGET IMPLICATIONS

The costs to process this project can be accommodated within the approved 2011/12 operating budget for C310 Planning and Applications, as outlined in the staff report dated April 5, 2011 to the North West Planning Advisory Committee.

FINANCIAL MANAGEMENT POLICIES/BUSINESS PLAN

This report complies with the Municipality's Multi-Year Financial Strategy, the approved Operating, Project and Reserve budgets, policies and procedures regarding withdrawals from the utilization of Project and Operating reserves, as well as any relevant legislation.

BACKGROUND/DISCUSSION

At its meeting on June 1, 2011 the Committee reviewed the proposal to amend the Municipal Planning Strategy and Land Use By-law for Beaver Bank, Hammonds Plains and Upper Sackville as presented in the staff report dated April 5, 2011. This committee concurs with the findings and recommendations provided in the staff report.

BUDGET IMPLICATIONS

None associated with this report.

FINANCIAL MANAGEMENT POLICIES / BUSINESS PLAN

This report complies with the Municipality's Multi-Year Financial Strategy, the approved Operating, Project and Reserve budgets, policies and procedures regarding withdrawals from the utilization of Project and Operating reserves, as well as any relevant legislation.

COMMUNITY ENGAGEMENT

As per the staff report dated April 5, 2011.

ALTERNATIVES

1. Regional Council may choose to approve the amendments to the Municipal Planning Strategy and Land Use By-law for Beaver Bank, Hammonds Plains and Upper Sackville to add a new zone and to apply this zone only to the lands subject to the development agreement in Monarch Subdivision as shown on Map 3. This is not the recommended approach for the reasons stated in the staff report dated April 5, 2011.

2. Regional Council may choose not to approve the amendments to the Municipal Planning Strategy and Land Use Bylaw for Beaver Bank, Hammonds Plains and Upper Sackville and rezone the lands to an existing zone. Should Council choose this option, more public consultation may be required. This is not the recommended approach for the reasons stated in the staff report dated April 5, 2011
3. North West Community Council may chose not to approve, by resolution, the discharge the existing development agreement for the completed phases of Monarch Subdivision as shown on Map 4 and in Attachment E of this report. This is not the recommended approach for the reasons stated in the staff report dated April 5, 2011
4. North West Community Council may chose not to approve, by resolution, the discharge of the existing development agreement for the incomplete phase of the Monarch Subdivision as shown on Map 4 of the staff report dated April 5, 2011 and not approve the proposed amending development

TO: Chairperson and Members of North West Planning Advisory Committee
Original Signed
SUBMITTED BY: Paul Dunphy, Director of Community Development
DATE: April 5, 2011
SUBJECT: Case# 16423: Plan Amendment for Monarch and Rivendale Subdivision,
Beaver Bank.

ORIGIN

- March 2, 2010 Regional Council approved a Local Improvement Charge (LIC) to bring water services to Monarch and Rivendale subdivisions in Beaver Bank.
- At the same meeting, Regional Council initiated a planning process to consider amending the Municipal Planning Strategy for Beaver Bank, Hammonds Plains and Upper Sackville to accommodate a discharge of the existing development agreement for Monarch Estates and Rivendale Subdivisions and apply zoning as deemed appropriate and direct staff to follow the public participation program as approved by Council in February 1997.

RECOMMENDATION

It is recommended that the North West Planning Advisory Committee recommend that North West Community Council:

1. Recommend that **Regional Council** give First Reading to consider amendments to the Municipal Planning Strategy and Land Use By-law for Beaver Bank, Hammonds Plains and Upper Sackville as identified in Attachment A, B and C of this report, and schedule a joint public hearing with North West Community Council; and
2. Recommend that **Regional Council** approve the proposed amendments to the Municipal Planning Strategy and Land Use By-law for Beaver Bank, Hammonds Plains and Upper Sackville as identified in Attachment A, B and C of this report.

3. Give First Reading to consider the proposed amending development agreement for the remaining phase of the Monarch subdivision as shown in Attachment D of this report, and schedule a joint Public Hearing with Regional Council;
4. Following Ministerial approval for the Municipal Planning Strategy and Land Use By-law amendments, approve, by resolution, the discharge the existing development agreement for the completed phases of Monarch Subdivision as shown on Map 4 and in Attachment E of this report; and
5. Following Ministerial approval for the Municipal Planning Strategy and Land Use By-law amendment, approve the proposed amending development agreement for the incomplete phase as shown in Attachment D of this report; and
6. Require the agreement be signed by the property owner within 120 days, or an extension thereof granted by Council on request of the property owner, from the date of final approval by Council and any other bodies as necessary, including applicable appeal periods, whichever is later; otherwise this approval will be void and obligations arising hereunder shall be at an end.

BACKGROUND

The Monarch and Rivendale subdivisions have four different zones and a portion of the land is subject to a development agreement all of which allow a wide variety of uses. In order to appropriately reflect the current development pattern in these communities, a new zone is proposed on these lands, the development agreement is to be discharged from the completed phases and amended to reflect these changes on the final phase.

The Monarch subdivision is a multi phased development that gained initial approvals in 2001, while the Rivendale subdivision was developed earlier in the 1990's. The homeowners in these subdivisions have experienced significant water shortages and requested that Halifax Water extend water services to their community. On March 2, 2010 Regional Council adopted Local Improvement By-law L-132 that enabled Halifax Water to extend water services to the Monarch-Rivendale subdivisions.

Part of the Monarch subdivision is subject to a development agreement (Map 4). This development agreement states that all lots are to be developed with on site services. Now that water service is extended to these areas, they are not in compliance with the development agreement. As most of these lands are now in separate ownership it is very difficult to amend the existing agreement as there are many landowners who would have to sign the amending agreement. To allow the water service and address other development issues in the area such as the mixed zoning, the development agreement must be discharged on the completed phases and a standard zone applied on all the lands as shown on Map 3 and 4.

Zoning and Designation

- Rural Commuter designation in Regional Municipal Planning Strategy

- Monarch subdivision is designated Mixed Use A and Rural Resource and the Rivendale subdivision is designated Mixed Use A (Map 1)
- Monarch subdivision zoned Comprehensive Development District (CDD) and Mixed Use 1 (MU-1) and the Rivendale subdivision zoned Mobile Dwelling (R-3) with a strip of Single Unit Dwelling (R-1) (Map 2).

DISCUSSION

The lands in the study area are generally described as low density, single unit residential dwellings with a lot size between 1.25 and 2 acres (0.5 to 0.8 ha) in size. However the zoning is quite permissive, with a wide variety of uses allowed that would be incompatible with the existing built form. The proposed amendments are a blending of the regulations across the entire study area. The proposed regulations will allow the community to develop in a manner that better reflects the current land use and the land use options provided under the existing agreement. The chart entitled "Existing Regulations and Proposed Zone" (Attachment F) provides a quick comparison of the current regulations in the area with the proposed R-1B Zone. The lot standards are similar to those in the existing zones, but are more relaxed than those used in the existing development agreement.

Land Use

The land uses in the existing zones range from single unit dwellings, with home offices and small daycares in the R-1 zone, to the R-3 zone which permits mobile dwellings, single and two unit residential dwellings, home daycare and home business uses, to the MU-1 zone which permits a wide range of uses from residential to commercial, to trucking, landscaping, excavating, composting and agriculture uses (see Attachment F for further detail). The area that is subject to the development agreement permits single units with an auxiliary dwelling, home business and home daycare uses. There is a lack of consistency in the range of land uses permitted in the area. The proposed zone restricts the land uses in the area to single units with an auxiliary dwelling and two unit residential uses, with the potential for a home business and home daycare uses.

Survey

Staff surveyed the community at the September 30, 2010 Public Information Meeting and discussed three specific items, (a) boundaries, (b) home business needs and (c) accessory units. The survey results indicated the importance of home businesses and accessory units to the community. The public also indicated that the lands on Windgate Drive as being distinct from the Monarch and Rivendale subdivisions. Staff supports this conclusion as the lands on Windgate Drive have a rural development pattern and a wide range of mixed uses, whereas Monarch and Rivendale have a suburban style of development and, due to this difference, are not being considered for the rezoning.

Home Business

Home business uses were identified as a high priority for the community. The existing development agreement allowed home businesses of 500 sq ft (46.45 m²) whereas lands located in Rivendale were allowed home business uses of up to 1,000 sq ft (92.9 m²). The proposed

zone reflects this and has kept the same provisions that are currently in the Rivendale subdivision and applied those across the larger study area.

Auxiliary Dwellings

Members of the public strongly expressed their desire to maintain the ability to have an auxiliary dwelling unit. Staff agrees with this as these uses are currently permitted in all areas, except the R-1 zone. Additionally, this allows the community to accommodate new residents, without a change to the built form, which has the potential to improve service provision. These uses are currently permitted in all areas and the new zone maintains this existing use.

Watercourse Setbacks

The development agreement requires a 100ft (30.5m) setback from a watercourse. The Regional Municipal Planning Strategy has since set a regional watercourse setback of 66ft (20m). Through the discharging of the development agreement and the application of a new zone, the regional standard of 66ft (20m) would be applied. As the lands are already developed, this new setback would only affect lands at such time as when they are redeveloped or through the placement of accessory buildings.

Development Agreement

All the lands have been developed as identified in the existing development agreement, except for Phase 6 of the project. The entire parkland component has been developed and there are no outstanding clauses in the existing development agreement. However, to protect development rights, staff recommends the development agreement remain on the incomplete portion of the lands (Phase 6) and the agreement be amended to remove unnecessary clauses as described in Attachment D.

The existing development agreement was approved under plan policy which has since been replaced by Policy P-3 of the Beaver Bank, Hammonds Plains and Upper Sackville Municipal Planning Strategy (Attachment G). The proposed amendments maintain the intent of this policy and the existing development agreement. The amending agreement takes out all references to the completed phases and updates the clauses to only refer to the final phase. It also extends the expiration date, to allow the land owner more time to develop the property. The intent of the agreement remains the same—the content is simply being updated to reflect the appropriate land area.

Summary

Due to the extension of water services into the Monarch community, the lands are no longer in compliance with the development agreement. This agreement must be discharged and appropriate zoning placed on the lands. As the lands in the larger community (Rivendale) currently permit a wide range of land uses that no longer reflects the current or the desired usage, changes are also proposed on these lands. The proposed zone consists of a blending of regulations across the Monarch and Rivendale subdivisions that restricts uses to residential and home business and home daycare uses and would be applied to both subdivisions.

BUDGET IMPLICATIONS

The costs to process this project can be accommodated within the proposed 2011/12 operating budget for C310 Planning and Applications.

FINANCIAL MANAGEMENT POLICIES/BUSINESS PLAN

This report complies with the Municipality's Multi-Year Financial Strategy, the approved Operating, Project and Reserve budgets, policies and procedures regarding withdrawals from the utilization of Project and Operating reserves, as well as any relevant legislation.

COMMUNITY ENGAGEMENT

The community engagement process is consistent with the intent of the HRM Community Engagement Strategy. The level of community engagement was consultation, achieved through a Public Information Meeting held on September 30, 2010. A public hearing has to be held by Council before they can consider approval of any amendments. For the Public Information Meeting, notices were posted on the HRM website, in the newspaper and mailed to property owners within the notification area as shown on Map 1. Attachment H contains a copy of the minutes from the meeting. Should Council decide to proceed with a Public Hearing on this application, in addition to the published newspaper advertisements, property owners within the notification area will be notified as shown on Map 2.

The proposed MPS amendment, rezoning, land use bylaw amendment, amending agreement and DA discharge will potentially impact the following stakeholders: local residents and property owners.

ALTERNATIVES

1. Regional Council may choose to approve the amendments to the Municipal Planning Strategy and Land Use By-law for Beaver Bank, Hammonds Plains and Upper Sackville to add a new zone and to apply this zone only to the lands subject to the development agreement in Monarch Subdivision as shown on Map 3. This is not the recommended approach for the reasons stated in the report.
2. Regional Council may choose not to approve the amendments to the Municipal Planning Strategy and Land Use Bylaw for Beaver Bank, Hammonds Plains and Upper Sackville and rezone the lands to an existing zone. Should Council choose this option, more public consultation may be required. This is not the recommended approach for the reasons stated in the report.
3. North West Community Council may chose not to approve, by resolution, the discharge the existing development agreement for the completed phases of Monarch Subdivision as shown on Map 4 and in Attachment E of this report. This is not the recommended approach for the reasons stated in the report.
4. North West Community Council may chose not to approve, by resolution, the discharge of the existing development agreement for the incomplete phase of the Monarch Subdivision as shown on Map 4 and not approve the proposed amending development

agreement for the incomplete phase as shown in Attachment D of this report. This is not the recommended approach for the reasons stated in the report.

Proposed Amendments to the Beaver Bank, Hammonds Plains, and Upper Sackville Municipal Planning Strategy

BE IT ENACTED by the Regional Council of the Halifax Regional Municipality that the Beaver Bank, Hammonds Plains, and Upper Sackville Municipal Planning Strategy as adopted by the Regional Council on the 9th day of November, 1999, and approved by the Minister of Municipal Affairs on the 4th day of May, 2000, which includes all amendments thereto which have been adopted by Halifax Regional Municipality and are in effect as of the (INSERT DATE OF HEARING), is hereby amended as follows:

1. Add the following wording after Policy P-17 (Auxiliary Dwelling Units):

Monarch and Rivendale Subdivisions

The Rivendale subdivision was developed following an as-of-right subdivision approval process in the early 1990s while the majority of the Monarch Estates subdivision was developed since 2001 under the terms of a development agreement. The homeowners in both subdivisions have experienced water shortages and on March 2, 2010, Regional Council approved an extension of water services to the area to address this issue. However, the Monarch development agreement specifies that the subdivision is to have on-site wells. To allow the water service the development agreement must be discharged from the completed phases and a zone placed on the lands.

Further, the Monarch and Rivendale subdivisions contain several zones including the development agreement. Therefore, staff surveyed the public and it was determined the residents wanted to maintain the land use rights they currently have but enhance home businesses provisions and restrict the potential to erect mobile dwellings. As there was no zone that would match what the community wanted, a new zone was required that would permit larger home businesses, auxiliary dwelling units and recognize existing lots with reduced frontage requirements.

P-17A It shall be the intention of Council to create an Auxiliary Dwelling Unit with Home Business (R-1B) Zone which permits auxiliary dwelling units, expanded home business uses and home daycare uses in addition to all uses permitted in the R-1A (Auxiliary Dwelling) Zone. This zone shall control maximum gross floor area of the auxiliary unit, parking and the number of entrances along the front wall of the dwelling. It shall allow existing flag lots, but new lots will

have to meet a larger frontage requirement. This zone will be applied to the lands in the Monarch and Rivendale subdivisions as shown on Schedule P17-A.

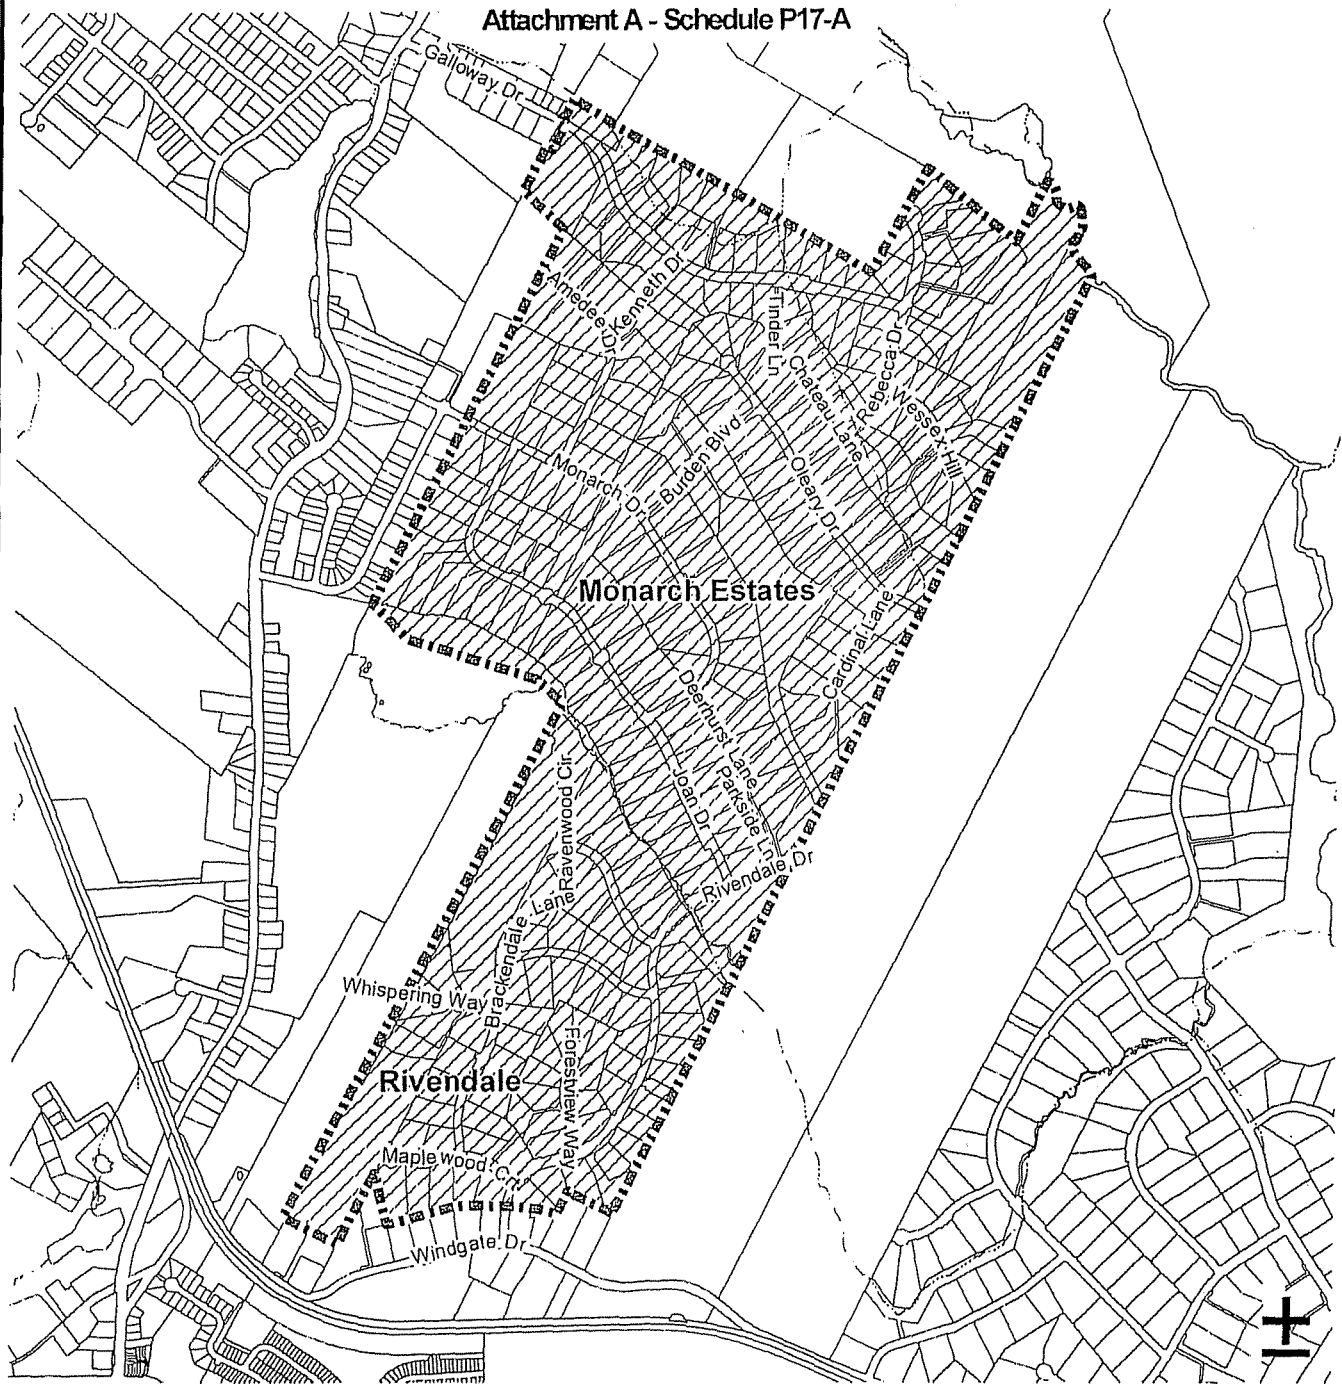

I HEREBY CERTIFY that the amendment to the Municipal Planning Strategy for Beaver Bank, Hammonds Plains and Upper Sackville as set out above, was passed by a majority vote of the Regional Council of the Halifax Regional Municipality at a meeting held on the ____ day of _____, 2011

THIS THIRD AMENDING AGREEMENT made this day of , 2011,
BETWEEN;

OF THE FIRST PART

HALIFAX REGIONAL MUNICIPALITY,
a municipal body corporate, in the Province of Nova Scotia
(hereinafter called the "Municipality")

WHEREAS the Developers are the registered owner of certain lands PID's #41077660 , 41077652 and 40014052, and which said lands are more particularly described in Schedule A hereto (hereinafter called the"Lands");

AND WHEREAS the North West Community Council of the Municipality approved an application by the Developer to enter into a Development Agreement to allow for an expansion to Monarch Estates and Rivendale subdivisions at a rate greater than 20 lots/ 4 years on the Lands on August 29, 2001, which said Development Agreement was registered at the Registry of Deeds in Halifax as Document Number 32650 in Book 6852, at Pages 60-91 (hereinafter called the "Initial Agreement");

AND WHEREAS the North West Community Council of the Municipality previously amended the Initial Agreement by entering into an Amending Agreement with Ramar Developments Limited and Barrett Enterprises Limited on September 25, 2003, as Municipal Case Number 00612 to enable the relocation of Park-3, said Agreement was registered at the Registry of Deeds in Halifax as Document Number 51094 in Book 7538, at Pages 57-61 (hereinafter called the "First Amending Agreement");

AND WHEREAS Marine Valley Drive Community Council of the Municipality underwent a larger area boundary change on November 4, 2004 which brought the Lands under their jurisdiction;

AND WHEREAS Marine Valley Drive Community Council of the Municipality, amended the First Amending Agreement by entering into an Amending Agreement with Ramar Developments Limited and Barrett Enterprises Limited on January 18, 2006 as Municipal Case Number 00715 to allow an additional 20 dwelling units, said Agreement was registered at the Registry of Deeds Office in Halifax as Document Number 85157064 (hereinafter called the "Second Amending Agreement");

AND WHEREAS the North West Community Council underwent a boundary change on January 12, 2010 to bring the Lands back under their jurisdiction;

AND WHEREAS North West Community Council discharged the agreement from the completed phases, Phases 1-5, which were owned by Ramar Development Limited, leaving the remaining phase, Phase 6, owned solely by [INSERT PROPERTY OWNER];

AND WHEREAS the Developer wishes to further amend the Second Amending Agreement, to permit development on central water services and to update the content to reflect the discharge of the development agreement from the completed phases of the Lands, into the Initial Agreement and all Amending Agreements of the "Lands" pursuant to the provisions of the Municipal Government Act, (hereinafter called the " Third Amending Agreement);

AND WHEREAS the North West Community Council for the Municipality approved this request at a meeting held on [INSERT-Date], referenced as Municipal Case Number 16423;

THEREFORE in consideration of the benefits accrued to each party from the covenants herein contained, the Parties agree as follows:

1. To delete Schedule "A", Schedule "B" and Schedule "B-1" and add a new Schedule "A" and Schedule "B" in Section 2.1.

2. To change the number of units in Section 2.2 (a) to "12 units".

3. To add new wording to Section 2.2 as follows:

Enabling Policy from the Beaver Bank, Hammonds Plains and Upper Sackville Municipal Planning Strategy

P-3 It shall be the intention of Council to establish a Comprehensive Development District (CDD) Zone in the Land Use By-law which permits the development of a mix of low density residential uses, associated community facility uses, local commercial uses, home-based offices and small-scale bed and breakfasts. This zone may be applied to those lands for which an application for rezoning was submitted prior to the first notice of the intention to adopt the Regional Municipal Planning Strategy for Halifax Regional Municipality. It will also be retained on those lands that were previously zoned CDD where an application for a development agreement was submitted prior to the first notice. When considering applications for rezoning submitted prior to first notice, Council shall have regard for the following: (RC-Jun27/06;E-Aug26/06)

- (a) that the development is within the Mixed Use A, Mixed Use B, Mixed Use C, Residential, Upper Hammonds Plains Community, Resource and/or Springfield Lake designations;
- (b) that the development is contiguous to a final approved residential subdivision that has a minimum of 10 lots that is serviced by its own internal road network;
- (c) that a traffic impact study, where determined by the Municipality and/or the Nova Scotia Department of Transportation & Public Works, is submitted by the applicant to demonstrate that the proposed development will not reduce the "level of service" of the external transportation network below an acceptable "level of service" as defined by the Municipality and/or the Nova Scotia Department of Transportation & Public Works;
- (d) that there are sufficient school, recreation or community facilities and services to support the development; and
- (e) the provisions of Policy P-137.

1. CALL TO ORDER

The meeting was called to order at 7:00 p.m. at the Church of the Good Shepherd, 28 Trinity Lane, Beaver Bank.

Mr. Ann Merritt, Chair, of the North West Planning Advisory Committee, introduced the Committee and welcomed the public to the Information Meeting.

2. Case 16423 - HRM initiated request to amend the Municipal Planning Strategy and Land Use By-law for Beaver Bank, Hammonds Plains and Upper Sackville to add a new zone that will be applied to lands in the Monarch subdivision and discharge the existing development agreement. Lands in the Rivendale subdivision will also be rezoned.

Mr. Jamie Hannam, Halifax Water, provided an update on the Water Servicing Project. Ms. Jennifer Chapman, Planner with the Halifax Regional Municipality, provided the background and a presentation on Case 16423 - HRM initiated request to amend the Municipal Planning Strategy and Land Use By-law for Beaver Bank, Hammonds Plains and Upper Sackville to add a new zone that will be applied to lands in the Monarch subdivision and discharge the existing development agreement. Lands in the Rivendale subdivision will also be rezoned.

Ms. Chapman stated that staff have prepared a survey and requested that those in attendance to fill it out and she requested that those in attendance pass on the survey to any residents in the area affected by this case. She advised members of the public that this meeting is an information exchange and that no decision on the case would be made at this time.

The floor was opened for the members of the North West Planning Advisory Committee to present any questions regarding the proposal. There were no questions of clarification from Committee members.

Ms. Merritt advised the public of the ground rules of the meeting and requested that anyone who wanted to speak to proposed amendments come forward. The floor was opened for comments from the public.

Ms. Kelly Peckham questioned the types of zoning being considered. Ms. Langille, Supervisor, Planning Applications, advised that there are currently four different types of zones in the area. She added that staff are requesting residents' input and will consider zoning that will work best for the community.

Ms. Sherry Best raised concern regarding Wingate Drive. She suggested that Wingate

Drive should not be considered in the Monarch Rivendale subdivision. She advised that her property is zoned as a MU-1 and wants it to remain zoned as such. She stated that she and her husband bought their land so they could have livestock and a barn which is permitted under MU-1 zoning. She added that a trucking company operates down the road.

Mr. Daniel Sequin questioned the obligations relating to covenants. Ms. Chapman advised that covenants are not enforced by the Municipality and that land in HRM is zoned.

Ms. Langille advised the residents that changes have to be made to the Development Agreement noting that the current development agreement does not permit residents to have municipal water.

Mr. Roger Gauvin expressed concern that if zoning changes are made, he will no longer be able to have an apartment as part of his home. He added that if this were the case it would change his future revenue and earning potential. Ms. Chapman advised that the apartment would remain as the apartment was part of the property when it was bought under the old agreement.

Mr. Brad Conrad suggested that the rezoning exclude Wingate Drive.

In response to a question by **Mr. Daniel Sequin**, Ms. Chapman advised that zoning will be considered that is consistent and works well for the community.

Ms. Elda Brown questioned whether the proposed zones permitted another unit in the home. Ms. Chapman advised that another unit is permitted in the home in all proposed zones.

Mr. Daniel Sequin expressed concern that residents may split lots now that larger lots are will not be required to maintain septic fields.

Ms. Debbie Sequin advised that zoning needs to accommodate community needs. She questioned whether the development agreement overrides a covenant.

Mr. Roger Gauvin added that at R-3 zoning, 29,000 square feet cannot be developed so lands could not be subdivided.

Ms. Chapman urged the community members in attendance write all of their concerns on the survey, including the issue regarding subdividing lots.

Mr. Vaughn Munden questioned how his tax rate would be affected. Ms. Chapman
