Subject: Stormwater Policy

Motion for Council to Consider: That HRM staff in conjunction with Halifax Water establishes a policy to develop public infrastructure that will assist in mitigating a variety of public and private drainage issues, and to identify equitable cost recovery methods that will appropriately finance new infrastructure. A staff report outlining this proposed policy is to be submitted to Regional Council for review. As a note this policy is to focus on the requirements for proposed public infrastructure, and is not to address improvements that may be required on private property such as lot grading enhancements, improved foundation drains, etc.

Reason: to develop a policy

Outcome Sought: Staff report to be submitted to council.
