**Request from the Floor**

**Date of Council Meeting:** April 24, 2012

**Subject:** Caldwell Road Traffic Assessment

**Motion for Council to Consider:**

Request a full traffic assessment be done because of the pressures on Caldwell Road.

**Reason:**

With the added development of Cherrywood in the Inishowen subdivision, Phase II of Colby South and further development in Morris Lake Estates all feeding onto Caldwell Road (without the Mt. Hope to Caldwell connector road), a full assessment on the impacts to Caldwell Road, Cole Harbour Road and Portland Street will have to take place.

This roadway will have to deal with approximately the impact of 1500 additional units over the next 2 to 6 years.

Without DND's cooperation in finding a solution to build this connector road, the Morris/Russell Lakes growth centre identified in the Regional Plan is seeing its residential development continue to happen without addressing the required road improvements for traffic management.

**Outcome Sought:**

Staff report to be submitted to Council.

Councillor *Lorelei Nicoll*

District 4
