DISCUSSION

Operating Statement:

At the end of September 30, 2013, HRM had a projected net General Rate surplus of \$6.0m (Attachment #1).

The Business Units have a projected surplus of \$3.1m along with a surplus of \$2.9m in Fiscal Services.

The key projected changes from the Business Units' budgets are as follows:

- Finance & Information, Communication & Technology projected a surplus of \$418k. The surplus is primarily due to net savings from vacancies (\$1.02m); less than anticipated costs for Mobile Voice and Data Services (\$100k); delay in implementation of Print Management Audit (\$50k); Citizen Survey not being undertaken (\$65k); and net savings from various areas (\$33k). These are offset in part by increased overtime to Metro Transit operations in ICT (\$18k); unbudgeted contract settlement and maintenance contract due to migration to new server (\$188k); external resources required in support of transition of SAP support service to Province and accelerating deployment of windows (\$214k); SAP support services with the Province of Nova Scotia (\$262k); and unbudgeted spending for Mobile Device project (\$149k); and increased consulting fees related to tax agreement study (\$19k).
- Transportation & Public Works projected a surplus of \$442k. The projected surplus is primarily a result of vacancy savings (\$1.8M); decreased waste water transfer costs in Solid Waste as it is now being transferred to New Brunswick (formerly Quebec), (\$407k); Otter Lake tonnage lower than anticipated (\$169k); diesel and gas savings (\$358k); delay in acquiring St. Pat's School resulting in lower operating costs for transitional facilities (\$181k); increase facilities rental revenue in Sport fields (\$148k) and miscellaneous savings throughout TPW (\$228k). This surplus is partially offset as a result of a deficit in Solid Waste for Collection and Resource Recovery Fund Board due to reduction in provincial funding (\$1.2m); leachate processing at HWY 101 Landfill being shipped out of province (\$1.0m); Repair and Maintenance costs in Fleet Services due to higher market prices on parts (\$317k); and reduction in Facilities revenue due to loss of external tenants and reduction of HRM's surplus holdings (\$332k).
- Metro Transit projected a surplus of \$3.5m which will be carried forward to 2014/15 resulting in revenue equalling expenses. In 2013/14, a surplus of \$750,000 was budgeted to be carried forward from 2012/13. However, the actual 2012/13 surplus was \$3,356,100, the difference of \$2,606,100 has been transferred to the current year. Other savings include compensation primarily due to vacancies and managing overtime (\$620k); reduced vehicle expenses related to fuel prices being lower than budget and reduced repair and maintenance costs due to less defects/breakdowns (\$597k). This surplus is partially offset by actual tax revenues less than budget (\$274k) and net costs in

various categories (\$50k). Of this \$3.5m surplus, transit has allocated \$2m to a new reserve for technology they plan to create. If approved by Council, this will decrease the surplus carried forward to \$1.5m.

- Planning & Infrastructure projected a surplus of \$434k. The projected surplus is primarily a result of vacancy savings (\$533k); delay in implementation of the waterway and beaches signage program (\$48k); deferral of Community Energy and Stormwater Integrated Management Plan activities (\$27k); and net savings in various areas (\$76k). This is offset in part by reduced recovery of administrative costs due to change of selection closing date for disposal of surplus properties (\$250k).
- Community & Recreation Services projected a surplus of \$1.5m due to compensation savings on vacant positions (\$1.3m); an increase in Parking Ticket revenue (\$240k) and Signs & Encroachment revenue (\$474k); a net surplus at the Bank of Montreal Centre due to increased revenue and lower expenses (\$100k); and savings in various non-compensation areas (\$30k). The surplus is reduced due to a decline in residential construction activity (HRM wide- all categories; new, renovations and additions) resulting in reduced Building Permit revenues (\$600k).

In Fiscal Services, the key projected changes are as follows:

- Increase in Property Taxes of \$1.2m due to the appeals for Commercial Taxes and Residential Properties trending lower than budget.
- Increase in Payment In Lieu of Taxes of \$347k due to receipt of unbudgeted revenue related to Federal-owned property at Halifax International Airport and other Federal-owned property;
- The 2012/13 general rate surplus brought forward to 2013/14 was \$9.3m, \$4.6m above the budget of \$4.7m.
- Projected net deficit of \$2.6m in other expenses is due to increased costs for stormwater service associated with the HRM-owned Street Right-of-Way system (\$2.7m); and the estimated liability to cover remediation costs for various contaminated sites (\$1m). This is offset by lower than anticipated rate increase of pension plan contributions (\$234k); lower than anticipated operating expenses related to operation of Metro Park Facility (\$614k); and net savings in miscellaneous items (\$252k).

Consolidated Financial Statements:

The unaudited consolidated financial statements of HRM are included as Attachment #2.

Project Statements:

The Project Statement as at September 30, 2013 is included as Attachment #3 to this report. The current budget for active projects is \$882m. The actual expenditures were \$617m and commitments were \$119m, resulting in the total actuals and commitments of \$736m, leaving an available balance of \$146m.

District Capital Funds:

The report of expenditures from Councillors' District Capital Funds is included as Attachment #4 and shows that \$2.4m of the \$3.2m budget has been expended or committed.

District Activity Funds:

The report of expenditures from Councillors' District Activity Funds is included as Attachment #5 and shows that \$34k of the \$69k budgeted has been spent.

Recreation Area Rate Accounts:

The details of the Recreation Area Rate Accounts are in Attachment #6. These Accounts began the year with a surplus of \$5.3m. \$1.7m in Area Rate revenue has been earned from April 1 to September 30, 2013 and \$764k has been spent, leaving a surplus of \$6.3m.

Reserves Statement:

The net reserve balances at September 30, 2013 are \$176m. There are approximately \$119m of approved expenditures and revenue of \$54m that have not been incurred. The net available funds as at March 31, 2014 are \$111m. This is a decrease of \$5.3m from the 2013/14 Reserve Budget. The net decrease can be attributed to the following significant decreases (increases) to the budgeted reserves balances:

Unbudgeted Reserve Transactions	Reserve Reductions (Increases)
Net Land Sales	2,177,200
2012/13 Year End Surplus Transfer to Reserves	(343,100)
Adjustments to Commitments	(84,100)
Other Revenue	(39,500)
Interest	(161,400)
Vehicle Sales	(35,000)
Projected Opening Balance vs Actual Opening Balance April 1, 2013	820,600
Transfers Approved by Council/Pending Council Approval	3,011,100
Total Decrease (Increase) in Reserve Balances	\$5,345,800

Further reserve details are included in Attachment #7 to this report.

Capital Reserve Pool Balance:

Attachment #8 shows the balance in the Capital Reserve Pool (CRESPOOL) as \$1.1m, as of September 30, 2013. Any unexpended debt budget in a project, at the completion of that project, will be moved to the Capital Reserve Pool and will be used to cover cost overruns on approved projects and/or to reduce the amount of long-term debt required to fund the Project Budget of the following fiscal year.

Changes to Cost Sharing for Projects:

In the first quarter, HRM received cost sharing for 4 projects totalling \$445k. The increase relates to cost sharing from Halifax Water. Complete details of the amounts received and the associated projects are included in Attachment #9.

HALIFAX REGIONAL MUNICIPALITY
Explanation of Projected Surplus/(Deficit)
For the Period Ending September 30, 2013

BUSINESS UNIT VARIANCE ANALYSIS	Net Surplus / (Deficit)
Auditor General - No changes	\$0
CAO - The projected deficit is related to an HST adjustment related to outside grant payments (\$249k) as well as increased professional fees (\$10k). This deficit is partially offset by vacancy savings (\$99k); savings on travel (\$30k); reduced community event spending (\$25k); and non-compensation savings (\$9k).	(\$96,000)
Fire & Emergency Services - The projected deficit is primarily related to decreased revenue for inspections (\$147k), costs for renovations and new leasing contract (\$131k), increased consulting due to recommendation in the ongoing Fire Underwriters Study (\$108k), net overages in various other categories (\$57k); partially offset by net savings in compensation primarily due to vacancies (\$337k).	(\$106,000)
Finance & Information, Communications & Technology - The surplus is primarily due to net savings from vacancies (\$1.02m); lower than anticipated costs for Mobile Voice and Data Services (\$100k); delay in implementation of Print Management Audit (\$50k); Citizen Survey not being undertaken (\$65k); and net savings from various areas (\$33k). These are offset in part by increased overtime due to increased staff complement in support of Metro Transit operations in ICT (\$18k); unbudgeted contract settlement and maintenance contract due to migration to new server (\$188k); external resources required in support of transition of SAP support service and accelerating deployment of windows (\$214k); SAP support services with the Province of Nova Scotia (\$262k); and unbudgeted spending for Mobile Device project (\$149k); and increased consulting fees related to tax agreement study (\$19k).	\$418,000
Human Resources - The projected surplus is primarily in compensation due to vacancies (\$123k); partially offset by net overages in various other categories (\$9k).	\$114,000
Legal Services - The projected surplus is primarily in compensation due to vacancies and positions filled at lower rates than budgeted (\$202k); partially offset by net overages in various other categories (\$12k).	\$190,000
Transportation & Public Works - The projected surplus is primarily a result of vacancy savings (\$1.8M); decreased waste water transfer costs in Solid Waste as it is now being transferred to New Brunswick (formerly Quebec) (\$407k); Otter Lake tonnage lower than anticipated (\$169k); diesel and gas savings (\$358k); delay in acquiring St. Pat's School resulting in lower operating costs for transitional facilities (\$181k); increase facilities rental revenue in Sport fields (\$148k) and miscellaneous savings throughout TPW (\$228k). This surplus is partially offset as a result of a deficit in Solid Waste for Collection and Resource Recovery Fund Board due to reduction in provincial funding (\$1.2m); Leachate processing at HWY 101 Landfill being shipped out of province (\$1.0m); Repair and Maintenance costs in Fleet Services due to higher market prices on parts (\$317k); and reduction in Facilities revenue due to loss of external tenants and reduction of HRM's surplus holdings (\$332k).	\$442,000
Metro Transit Services - The projected surplus of \$3.5m will be carried forward to 2014/15 resulting in revenue equalling expenses. In 2013/14, a surplus of \$750k was budgeted to be carried forward from 2012/13. However, the actual 2012/13 surplus was \$3,356,100, the difference of \$2,606,100 has been transferred to the current year. Other savings include compensation primarily due to vacancies and managing overtime (\$620k); reduced vehicle expenses related to fuel prices lower than budget and reduced repair & maintenance costs due to less defects/breakdowns (\$597k). This is partially offset by actual tax revenues less than budget (\$274k), and net costs in various other categories (\$50k). Of this \$3.5m surplus, transit has allocated \$2m to a new reserve for technology they plan to create. If approved by Council, this will decrease the surplus carried forward to \$1.5m.	\$0

BUSINESS UNIT VARIANCE ANALYSIS	Net Surplus / (Deficit)
Planning & Infrastructure - The projected surplus is primarily a result of vacancy savings (\$533k); delay in implementation of the waterway and beaches signage program (\$48k); deferral of Community Energy and Stormwater Integrated Management Plan activities (\$27k); and net savings in various areas (\$76k). This is offset in part by reduced recovery of administrative costs due to change of selection closing date for disposal of surplus properties (\$250k).	\$434,000
Community & Recreation Services - The projected surplus is due to compensation savings on vacant positions (\$1.3m); an increase in Parking Ticket revenue (\$240k); and Signs & Encroachment revenue (\$474k); a net surplus at the Bank of Montreal Centre due to increased revenue and lower expenses (\$100k); and savings in various non-compensation areas (\$30k). The surplus is reduced due to a decline in residential construction activity (HRM wide- all categories; new, reno and additions) resulting in reduced Building Permit revenues (\$600k).	\$1,554,000
Regional Police - The projected surplus is primarily in compensation due to vacancies (\$681k); partially offset by increased costs in equipment due to change in standard of replacing body armour (\$245k); expansion of Emergency Response Team (\$140k); contribution to Police Officer on the Job Injury Reserve (\$140k); net miscellaneous costs (\$50k).	\$106,000
Outside Police Services (RCMP) - The projected surplus is due to actual contract costs paid to Provincial Department of Justice being lower than budget.	\$53,000
Library - Projected changes net to a balanced budget.	\$0
TOTAL BUSINESS UNIT NET SURPLUS/(DEFICIT)	\$3,109,000

FISCAL SERVICES VARIANCE ANALYSIS	Net Surplus / (Deficit)
Property Taxes - The appeals trending for Commercial Taxes and Residential Properties are lower than budget.	\$1,231,000
Tax Agreements - The surplus is due to tax agreements with various entities being higher than budget.	\$30,000
Local Improvement Charges - The deficit is primarily due to deferred revenue for Local Improvement Charges to cover the costs of capital financing for Road & Street Improvement being lower than budget. The projected deficit has net zero impact to general rate and will be recovered through capital charges in the future.	(\$615,000)
Payments in Lieu of Taxes (PILT) - The projected surplus is due to unanticipated receipt of PILT related to Federal-owned property at Halifax International Airport and other Federal accounts.	\$347,000
Own Source Revenue - The projected deficit is due to a lower than estimated volume of health-related calls during fiscal 2012/13 (\$150k); parking rental revenue for Metro Park Facility being lower than budget (\$600k); interest revenue on general receivable accounts being less than anticipated due to increased collections (\$48k); decrease Dividend In-Lieu of Taxes collected from Halifax Water due to rate base being calculated lower than budget (\$13k); and deficit in miscellaneous item (\$2k) offset partially by unbudgeted miscellaneous revenue received from mark-up on fuel (\$9k) and higher than budgeted interest earned for Local Improvement Charges (\$40k).	(\$764,000)
Provincial Mandated & Other Services - The funding collected through area rates on behalf of Province of Nova Scotia, Halifax Water and outside groups for private road maintenance fees, are anticipated to be less than budgeted amounts. The deficit is carried forward to next fiscal year and covered by an increase in area rate charge in 2014/15.	(\$638,000)
Unconditional Transfers - HRM's portion of Nova Scotia Power HST Offset received from Province of Nova Scotia was lower than anticipated.	(\$60,000)
School Board Mandatory & Supplementary - The anticipated revenues will result in a deficit. The deficit is carried forward to next fiscal year by a transfer of funds from the surplus/deficit account. This transfer creates a deficit in the equity account that will be carried forward to 2014/15 and covered by an increase in the area rate charge in 2014/15.	\$707,000
Debt Charges - The projected surplus is primarily due to interest payment (All In Costs 2.55%) for 2013 Spring Issue Debenture being lower than budget (4%) and unbudgeted debt recovery for the 1998 Spring issue from Outside Agency (\$191k); and an accumulated deficit in Local Improvement Charges due to funding shortfall and higher than budgeted debt servicing costs (\$575k).	\$766,000
Transfer to Outside Agencies - HRM's mandated contributions and funding transfers for services provided by Province of Nova Scotia are lower than budget.	(\$273,000)
Grants & Tax Concessions - Unbudgeted community grant program provided to Naval Trust (\$50k) partially offset by savings from non-profit organization due to eligible costs for program and services being lower than anticipated (\$32k).	(\$18,000)
Surplus Prior Year - The 2012/13 Operating general rate surplus brought forward to 2013/14 was \$9.3m and \$4.6m more than the budget of \$4.7m.	\$4,577,000
Fire Protection (Hydrants) - Actual funding required to cover fire protection for urban core, airport/Aerotech and capital costs contribution for water infrastructure are anticipated to be less than budget resulting in a surplus. Surplus will be carried forward to next year and has no impact to general rates.	\$208,000

FISCAL SERVICES VARIANCE ANALYSIS	Net Surplus / (Deficit)
Other - The projected deficit is primarily due to increased costs for stormwater service associated with the HRM-owned Street Right-of-Way system (\$2.67m); and HRM's liability to cover remediation costs for various contaminated sites (\$1m). This is offset by lower than anticipated rate increase of pension plan contributions (\$234k); lower than budgeted compensation related program costs (\$108k); surplus due to funds allocated to cover non-refundable portion of HST for the Greater of Halifax Partnership and Round Table Review are no longer required (\$75k); lower than anticipated operating expenses related to Metro Park Facility (\$614k); and miscellaneous savings related to adjustments of prior year transactions, including over accrual of costs in 2012/13 (\$46k).

1. Significant accounting policies (continued):

(c) Investment in the Halifax Regional Water Commission:

The Halifax Regional Water Commission (the "HRWC") is accounted for using the modified equity basis of accounting; consistent with Canadian generally accepted accounting principles, as recommended by PSAB for an investment in a government business enterprise. The Municipality recognizes its equity interest in the annual income or loss of the HRWC in its consolidated statement of operations with a corresponding increase or decrease in its investment asset account.

(d) School boards:

The assets, liabilities, taxation and other revenues and expenses with respect to the operations of the school boards are not reflected in these consolidated financial statements as they are provincial government entities.

(e) Miscellaneous Trust Funds:

Miscellaneous Trust Funds and their related operations administered by the Municipality are not included in the consolidated financial statements, but are reported separately in the Miscellaneous Trust Funds financial statements.

(f) Basis of accounting:

Revenues and expenses are recorded on the accrual basis of accounting. The accrual basis of accounting recognizes revenues as they are earned and measurable and expenses are recognized as they are incurred and measurable as a result of the receipt of goods or services and the creation of a legal obligation to pay.

(g) Use of estimates:

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the period. Significant estimates include assumptions used in estimating provisions for accrued liabilities, landfill liability and in performing actuarial valuations of employee future benefits.

In addition, the Municipality's implementation of Public Sector Accounting Handbook Section 3150 has required management to make estimates of historical cost and useful lives of tangible capital assets.

Actual results could differ from these estimates.

1. Significant accounting policies (continued):

(h) Taxation and related revenues:

Property tax billings are prepared by the Municipality based on assessment rolls issued by the Property Valuation Services Corporation. Tax rates are established annually by Council, incorporating amounts to be raised for local services and the requisition made by the Province in respect of contributions to education. Taxation revenues are recorded at the time tax billings are due. Assessments and the related property taxes are subject to appeal. Tax adjustments as a result of appeals are recorded when the results of the appeal process are known. An allowance for unresolved assessment appeals is also provided.

(i) Government transfers:

Government transfers are recognized in the consolidated financial statements in the period in which events giving rise to the transfer occur, providing the transfers are authorized, any eligibility criteria have been met, and reasonable estimates of the amounts can be made, except when and to the extent that stipulations associated with the transfer give rise to a liability. If a liability is created, the satisfaction of the transfer stipulations by the recipient government determines the timing of the recognition of the transfer as revenue.

(j) Short-term deposits and investments:

Short-term deposits and investments are recorded at cost, adjusted for amortization of premiums or discounts in accordance with the investment policies established for the Municipality. A permanent decline in value would result in a write-down.

(k) Land held for resale:

Land held for resale is recorded at the lower of cost and net realizable value. Cost includes amounts for improvements to prepare the land for sale or servicing.

(l) Deferred revenue:

Deferred revenue represents user charges and other fees that have been collected, for which the related services have yet to be performed. These amounts will be recognized as revenue in the fiscal year the services are performed.

(m) Pension, post-employment benefits and compensated absences:

The contributions to a multiemployer, defined benefit pension plan are expensed when contributions are due. The costs of post-employment benefits are recognized when the event that obligates the Municipality occurs. Costs include projected future income payments and fees paid to independent administrators of these plans, calculated on a present value basis.

The costs of post-employment benefits and compensated absences are actuarially determined using the projected benefits method prorated on service and management's best estimate of retirement ages of employees, salary escalation and expected absences. Liabilities are actuarially determined using discount rates that are consistent with the market rates of high quality debt instruments. Any gains or losses from changes in assumptions or experience are amortized over the estimated average remaining service period for active employees.

1. Significant accounting policies (continued):

(n) Solid waste management facilities liabilities:

The Municipality accrues landfill closure and post-closure care requirements that include final covering and landscaping of the landfill, pumping of ground water and leachates from the site, and ongoing environmental monitoring, site inspection and maintenance. The reported liability is based on estimates and assumptions using the best information available to management.

Future events may result in significant changes to the estimated total expenses, capacity used or total capacity and the estimated liability, and would be recognized prospectively, as a change in estimate, when applicable.

(o) Non-financial assets:

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives extending beyond the current year and are not intended for sale in the ordinary course of operations.

i) Tangible capital assets

Tangible capital assets are recorded at cost which includes amounts that are directly attributable to the acquisition, construction, development or betterment of the asset. The cost, less residual value of the tangible capital assets, are amortized on a straight line basis over their estimated useful lives as follows:

Asset	Useful Life – Years
Land Improvements	10 - 50
Buildings and building improvements	15 - 40
Vehicles	5 - 15
Machinery and equipment	5 - 10
Dams	40
Roads and infrastructure	5 - 75
Ferries	2 - 30

The useful life for landfill cells, which are included in land improvements, is based upon the capacity of each cell.

For assets with a useful life of 5 years or less, amortization will commence in the year the asset is available for use, and be recorded at 50% of the annual charge in the first and last years of the asset's useful life. For assets with a useful life greater than 5 years, amortization will commence in the year following the year the asset is put into use.

Roads and infrastructure includes road beds, road surfaces, infrastructure and bridges. The useful life of these assets are as follows: road beds - 40 years, road surfaces - 5 to 20 years, infrastructure - 20 to 30 years and bridges - 75 years.

The school buildings which are owned by the Municipality but in use by the Halifax Regional School Board are not recorded as tangible capital assets. No amortization is recorded by the Municipality as long as the buildings are in use by and under the control of the Halifax Regional School Board.

iii) Natural resources

Natural resources that have not been purchased are not recognized as assets in the financial statements.

iv) Works of art and cultural and historic assets

Works of art and cultural and historic assets are not recorded as assets in these financial statements, unless used in the provision of a municipal service.

v) Interest capitalization

The Municipality does not capitalize interest costs associated with the acquisition or construction of a tangible capital asset.

vi) Leased tangible capital assets

Leases which transfer substantially all of the benefits and risks incidental to ownership of property are accounted for as leased tangible capital assets. All other leases are accounted for as operating leases and the related payments are charged to expenses as incurred.

vii) Inventories of supplies

Inventories of supplies held for consumption are recorded at the lower of cost and replacement cost.

8. Employee future benefits - employees' retirement pension plan:

Employees of the Municipality participate in the Halifax Regional Municipality Pension Plan (the "HRM Plan"). The HRM Plan is a multiemployer plan administered by the Halifax Regional Municipality Pension Committee (the "Committee"). Other major employers participating in the HRM Plan include the Halifax Regional School Board and Quest. The Committee is comprised of representatives from both management and unions, and is responsible for setting contribution rates for all participating employers. The HRM Plan is funded equally by participating employers and members. Accounting for the HRM Plan under the Municipality's financial statements follows rules for defined contribution pension plans.

The HRM Plan provides a lifetime benefit representing 2% of the member's average earnings over a period of three years times the number of years of membership in the pension plan. Only regular earnings are recognized under the defined benefit provisions of the Plan. The HRM Plan also provides defined contribution benefits, at the option of the member, on the portion of earnings that is overtime and other non-regular earnings.

The Municipality contributed to the HRM Plan an amount of \$12,266 for the period ending September 30, 2013 (September 30, 2012 - \$12,232 and March 31, 2013 - \$24,336). Since April 1, 2006, the Municipality and the members are each contributing 10.36% of regular earnings for members participating in the main division of the pension plan. Effective January 2014, the rate will increase to 11.96%. Other contribution rates are in effect for the other divisions of the plan, and for members in public safety occupations.

The last actuarial valuation filed with regulators was at December 31, 2009. The next actuarial valuation, at December 31, 2012, is to be filed by December 31, 2013. The interest rate used in the last filed valuation was 6.75% per year. The following estimates as at December 31, 2012 are based on the actuarial valuation as at December 31, 2009 extrapolated to December 31, 2012:

	March 31, 2013 Extrapolated	March 31, 2012 Extrapolated

9. Employee future benefits - retiring allowances and other future benefits:

The Municipality provides for the payment of retiring allowances to retiring employees in accordance with the terms of the various collective agreements and Municipal policy. The retiring allowance is based on the member's final annual salary and years of service at retirement. On the retirement of a police officer, the Municipality also provides for a lump sum payment to a health trust for the benefit of the retiring member. The amount depends on the level of the officer's sick bank at the time of retirement.

The Municipality continues to pay for its share of the contributions to the HRM Plan for members in receipt of benefits from a long-term disability plan sponsored and recognized by the Municipality.

The Municipality also provides for employee sick leave. Unused sick leave accumulates to a maximum number of hours which varies by employment agreement. Under this program, employees are not entitled to a cash payment in lieu of sick leave when they leave the Municipality's employment except as described above with respect to the retirement of a police officer.

The Municipality also pays lifetime and temporary benefits to former employees who retired from the Municipality under various early retirement programs and arrangements that were in place prior to April 1, 2004.

Actuarial valuations of the above benefits are done for accounting purposes using the projected benefit method prorated on services. The last actuarial valuation of the lump sum amounts to the police health trust was conducted as at March 31, 2011, and extrapolated to March 31, 2012 and March 31, 2013. The last actuarial valuations of the unused sick leave benefits and lifetime and temporary benefits to former employees were conducted as at March 31, 2012, and extrapolated to March 31, 2013. For all other benefits, actuarial valuations were conducted as at March 31, 2013. No valuation has been performed for September 30, 2013. Key actuarial assumptions used in the valuations were based on the Municipality's best estimates.

A reconciliation of the accrued benefit obligation for these plans, along with the main assumptions used for disclosure and expense calculations are as follows:

	March 31, 2013	March 31, 2012
Accrued benefit obligation, beginning of the year	\$ 50,800	\$ 34,932

10. Solid waste management facilities liabilities:

The Nova Scotia Environmental Protection Act sets out the regulatory requirements for the closure and maintenance of landfill sites. Under this Act, the Municipality is required to provide for closure and post closure care of solid waste landfill sites.

Sackville Landfill:

The Sackville Landfill site closed during the year ended March 31, 1997. A closure plan and an environmental audit were completed in 1996. Post closure care activities for this site include perpetual care that is expected to occur until 2017 and will involve the management and monitoring of groundwater, gas and leachate levels, operating and monitoring the leachate treatment plant when necessary, removal of buildings, site cleanup and general site maintenance.

The estimated liability for the care of the landfill site is the present value of future cash flows associated with closure and post closure costs discounted using a long-term borrowing rate of 2.55% (September 30, 2012 - 3.03% and March 31, 2013 - 2.76%) and a forecasted inflation rate of 1.07% (September 30, 2012 - 1.59% and March 31, 2013 - 0.99%).

Otter Lake Landfill:

The Otter Lake Landfill site opened during the year ended March 31, 1999 and is expected to accept waste for another 11 years, until the fiscal year ended March 31, 2024.

The site's design consists of nine cell phases with an expected total capacity of 4,244,000 tonnes (September 30, 2012 - 4,244,000 tonnes).

Post closure care activities for this site include perpetual care that is expected to occur until 2045 and will involve the management and monitoring of groundwater, gas and leachate levels, operating and monitoring the leachate treatment plan when necessary, removal of buildings, site cleanup and general site maintenance.

The estimated liability for the care of the landfill site is the present value of future cash flows associated with closure and post closure costs discounted using a long-term borrowing rate of 2.55% (September 30, 2012 - 3.03% and March 31, 2013 - 2.76%) and a forecasted inflation rate of 1.07% (September 30, 2012 - 1.59% and March 31, 2013 - 0.99%). The liability was adjusted for capacity used of 100% for the closed cells and 38.17% of Cell 6.

16. Contingent liabilities:

- As of September 30, 2013, there are a number of claims against the Municipality and its consolidated entities in varying amounts and for which provisions have been made in these financial statements, as appropriate. It is not possible to determine the amounts that may ultimately be assessed against the Municipality with respect to these claims, but management believes that any such amounts would not have a material impact on the financial position of the Municipality.
- The Municipality is the plaintiff in various proceedings, which have arisen, in the normal course of carrying on its operations. It is not possible at this time to determine the amounts the Municipality may receive with respect to these claims.
- The Municipality guarantees certain debt issues of the HRWC. As at September 30, 2013, this outstanding debt was \$97.5 million (September 30, 2012 - \$73.4 million and March 31, 2013 - \$71.8 million), with maturity dates ranging from 2017 to 2025. In addition, the Municipality is responsible for outstanding debt of \$74.0 million (September 30, 2012 - \$81.2 million and March 31, 2013 - \$79.8 million) recoverable from the HRWC.

17. Financial instruments:

(a) Fair value:

The fair value of the Municipality's financial instruments that are comprised of cash and short-term deposits, taxes receivable, accounts receivable, loans, deposits and advances and accounts payable and accrued liabilities approximate their carrying value due to their short-term nature.

The fair value of investments is considered to be market value. The market value of investments is disclosed in note 5.

It is not practical to determine the fair value of the investment in the HRWC due to the lack of comparable market information.

Unless otherwise noted, it is management's opinion that the Municipality is not exposed to significant interest, or currency risks arising from these financial instruments.

17. Financial instruments (continued):

(b) Credit risk:

The Municipality is exposed to credit-related losses in the event of non-performance by counterparties to the financial instruments. Wherever possible, the Municipality attempts to minimize credit exposure by dealing only with credit worthy counterparties and/or obtaining sufficient security for the applicable financial instrument.
