Summary of Recorded Votes

Date of Regional Council Meeting: February 25, 2014

Motion: Proposed by Councillor Mason

Move that Regional Council refer the staff report dated Feb 11, 2014 dealing with RP+5 to Committee of the Whole and direct staff to prepare a report for Committee of the Whole's consideration dealing with the following items:

1. The implications of re-designating the Purcell's Cove Backlands from Urban Reserve to Urban Settlement or Rural Commuter, and in particular the below considerations to be taken into account :

A) Will water and sewer services come to this area in time for it to be developed at the end of 2026 and if not, is the urban reserve still viable.

B) Are current and planned water system investments in the area too small in capacity to support Urban format development in the future

C) What is the developable lot capacity for the lands under rural commuter in this area? What are the implications for traffic and other services if the lands develop under the rural commuter.

2. What provisions exist or could be included to allow one time small scale (1-3 lot) subdivisions in the Open Space and Natural Resource, Urban Reserve & Rural Commuter designations.

3. The implications of re-designating the Cole Harbour/Westphal Urban Reserve lands near Highway 7 and Ross Road to Urban Settlement.

4. The implications of applying the CDD Zone to certain sites on the Eastern Shore; if not the entire defined Eastern Region .

5. Within Fall River, identify areas with current ground water quantity or quality issues or on-site sewer issues that may be considered for inclusion in the service boundary along with a mechanism to allow the timely extension of sewer or water services to those areas.

6. The implications of grandfathering the proposed Seven Lakes Development under the 2006 Regional Plan open space conservation planning bylaws.

and to report back to Regional Council by the end of June 2014.
