Mayor Savage and Members of Halifax Regional Council

Original Signed

SUBMITTED BY:

Councillor Bill Karsten, Chair Audit & Finance Standing Committee

DATE:

October 26, 2015

SUBJECT:

Investment Activities – Quarter Ending June 30, 2015

INFORMATION REPORT

ORIGIN

October 21, 2015 meeting of the Audit & Finance Standing Committee, Item No. 9.1.4.

LEGISLATIVE AUTHORITY

The principle role of the Audit and Finance Standing Committee is to provide advice to Council on matters relating to Audit and Finance. In particular, Section 3.2.6 of the Audit and Finance Standing Committee's Terms of Reference shall 'Review as required, any other policies, procedures, forecasts, reports or process as agreed to mutually by the Municipalities CAO and the Committee".

BACKGROUND

A staff report dated October 5, 2015 pertaining to Investment Activities – Quarter Ending June 30, 2015 was before the Audit & Finance Standing Committee for consideration at its meeting held on October 21, 2015.

For further information please refer to the attached staff report dated October 5, 2015.

DISCUSSION

The Audit and Finance Standing Committee received the staff report dated October 5, 2015 at its meeting held on October 21, 2015 and forwarded it to Halifax Regional Council as an Information item.

FINANCIAL IMPLICATIONS

As outlined in the attached staff report dated October 5, 2015.

COMMUNITY ENGAGEMENT

All meetings of the Audit & Finance Standing Committee are open to the public. The agenda and reports are provided online in advance of the meeting.

ATTACHMENTS

1. Staff report dated October 5, 2015.

A copy of this report can be obtained online at http://www.halifax.ca/council/agendasc/cagenda.php then choose the appropriate meeting date, or by contacting the Office of the Municipal Clerk at 902.490.4210, or Fax 902.490.4208.

Item No. 9.1.4 Audit and Finance Standing Committee October 21, 2015

TO:

Councillor Bill Karsten, Chair and Members of the Audit and Finance Standing Committee

SUBMITTED BY:

Original Signed

Amanda Whitewood, Director of Finance and Information Technology / CFO

DATE:

October 05, 2015

SUBJECT:

Investment Activities - Quarter Ending June 30, 2015

ORIGIN

Quarterly report of investment performance and adherence to approved Investment Policy.

LEGISLATIVE AUTHORITY

Section 121(1) of the HRM Charter requires that funds be invested pursuant to an Investment Policy adopted by Council and approved by the Minister of Service Nova Scotia and Municipal Relations or invested pursuant to the Trustee Act. Where HRM has chosen to adopt an Investment Policy and the Minister has approved the Policy investment activities are governed by this Policy.

RECOMMENDATION

It is recommended that the Audit and Finance Standing Committee forward this report to Halifax Regional Council as an information item.

BACKGROUND

The HRM Investment Policy calls for quarterly reporting by the Treasurer to Council and the Investment Policy Advisory Committee (the Investment Committee). The report for the Quarter ending June 30, 2015 has been reviewed by the Investment Committee. A report from the Investment Committee on compliance with the HRM Investment Policy has also been sent to the Audit and Finance Standing Committee meeting of October 21, 2015.

DISCUSSION

Overall Results

Operating Fund Investment Income for the quarter ending June 30, 2015 was \$528,000 versus a budget of \$400,000 for a surplus of \$128,000. This surplus was primarily due to a higher rate of return then budgeted as cash flows were slightly less than previous years. The rate of return for the quarter was .26% versus a budgeted rate of .24%. While our rate of return is greater than budget at this time, the impacts of the Bank of Canada rate cut in July will have a negative influence on Investment Income for the balance of the fiscal year.

HRM Investment Activities

HRM Money Market Pool investment performance is summarized below in comparison with the Mercer Investment Consulting Survey of Canadian Institutional Pooled Funds for periods ending March 31, 2015:

Money Market Funds	3 Months (to June 30, 2015)	6 Months (to June 30, 2015)	1 Year (to June 30, 2015)
5 th Percentile	.29%	.61%	1.28%
1 st Quartile	.25%	.54%	1.15%
Mercer Median	.24%	.52%	1.12%
3 rd Quartile	.20%	.44%	.96%
95 th Percentile	.18%	.41%	.90%
Dec 91 Day T-Bills	.15%	.40%	.87%
HRM	.26%	.53%	1.15%

Relative performance was again quite positive, the 3 month rate was above the 1st Quartile, the 6 months rate was just above median and the one year return was at the 1st quartile mark. These returns are before any allowance for fees that could be paid for external management. The investment bank accounts continue to be largely responsible for this relative performance. The rate of return from the Government half of the portfolio continues to deteriorate as maturities are re-invested in the lower interest rate environment.

As shown in the graph below, over the longer term HRM investment performance closely matches the Mercer Median with fee savings also accruing to HRM.

During the quarter, HRM made 55 money market investments made at a cost of \$166,711,000 with an average term to maturity of 128 days. This compares to last year when 44 investments were made at a cost of \$142,986,000 with an average term of 91 days. Similar to last year our predominant strategy was to allocate funds to the investment bank accounts and when necessary use Government instruments to manage sector weights and cover cash needs.

Funds held in the investment bank accounts, including Term Deposits, totaled \$172,925,000 by the end of the Quarter. Incremental income over BA's and BDN's, using a rate of .84% as a proxy for the BA and BDN rates, was \$116,667 for the Quarter.

The cumulative incremental gross investment income from the 2007 Policy change that expanded the Non-Government Sector Weight was \$1,400,000 or a \$121,000 increase during the Quarter.

HRM Short Term Bond Pool

There were no additions or maturities in the Bond Pool during the Quarter. At the end of the Quarter the Bond Pool consisted of \$15,000,000 of bonds with yields ranging from 1.59% to 2.78% with a simple average yield of 2.26%. The term to maturity ranges from June 2015 to December 2018.

Cash Flows

Operating Fund Cash and Investment balances are running somewhat below the levels of the previous year. At the end of the Quarter these balances were some \$4,000,000 below the previous year's level. This appears to be as a result of some timing differences in some payments.

There were a number of days when amounts exceeded the Sector Weight guidelines for one business day. Each of these instances was discussed with the Investment Committee and they agreed with staff that these minor temporary variances did not create any material increase in risk to the portfolio.

Subsequent to End of Reporting Quarter

On September 9th The Bank of Canada maintained interest rates as it sees risks to financial stability evolving as expected. Meanwhile on September 17th in the United States the Federal Reserve elected to keep rates unchanged. They state that recent global economic and financial developments might restrain economic stability somewhat and put some downward pressure on inflation.

The investment bank accounts, which are for the most part linked to the commercial bank prime rates, are continuing to provide significantly better returns than are available from BA's and Government's.

Outlook & Strategy

There is still a great deal of risk in the economy. There is uncertainty in the growth prospects of China and other emerging markets which has caused financial market volatility. Lower commodity prices are still being felt by the Canadian resource sector. Meanwhile, the United States is showing more positive signs of a recovery. The dominant strategy will again be to maximize the returns from the investment bank accounts, keeping in mind that their liquidity adds a safety factor, while looking for opportunities in the Government half of the portfolio.

Policy Compliance

Objectives:

Preservation of Capital - There was no loss of capital during the Quarter.

<u>Liquidity</u> – Overdraft charges were not incurred and sufficient cash was available to meet all requirements. The funded ratio of the Reserves at Quarter end was 100%.

<u>Competitive Return on Investments</u> - The rate of return was above median for the year ending June 30, 2015 before allowing for fees that could have been paid to an external management firm. Staff has confirmed that the Policy benchmark was met.

Strategies:

<u>Diversification of Investment Portfolio</u> - Staff believe that diversification has been adequately maintained under the constraints of the Policy.

<u>Regular Review of Performance</u> - Performance data continues to be reported to the Investment Policy Advisory Committee.

<u>Risk Management Approach</u> – In implementing investment decisions staff seek a balance between the Objectives of the Investment Policy and the risks inherent in markets to look to achieve an optimal rate of return.

FINANCIAL IMPLICATIONS

Actual Operating Fund investment income for the Quarter was \$528,000 versus a budget of \$400,000. The actual rate of return was .26% versus a budgeted rate of .24%. The positive income variance is due to the slightly higher rate of return, as actual Operating Fund cash flows have been somewhat below expectations. It is too early to make reasonable projections for Operating Fund Investment Income for the Fiscal year however information currently available to staff suggests that Operating Fund Investment Income may come in under budget by \$50,000 (\$1,550,000 versus a budget of \$1,600,000).

COMMUNITY ENGAGEMENT

Investment activities are reported quarterly to the Investment Policy Advisory Committee. The majority of members of this Committee (4 of 6) are volunteers from the general public. The Committee reports to Audit and Finance Committee of Council quarterly on compliance with the Investment Policy. In addition, the Committee conducts an annual review of the Investment Policy and makes recommendations for any changes considered appropriate.

Appendix C

Dominion Bond Rating Service (DBRS) Rating Scale

R-1 (high)

Short-term debt rated R-1 (high) is of the highest credit quality, and indicates an entity possessing unquestioned ability to repay current liabilities as they fall due. Entities rated in this category normally maintain strong liquidity positions, conservative debt levels, and profitability that is both stable and above average. Companies achieving an R-1 (high) rating are normally leaders in structurally sound industry segments with proven track records, sustainable positive future results, and no substantial qualifying negative factors. Given the extremely tough definition DBRS has established for an R-1 (high), few entities are strong enough to achieve this rating.

R-1 (middle)

Short-term debt rated R-1 (middle) is of superior credit quality and, in most cases, ratings in this category differ from R-1 (high) credits by only a small degree. Given the extremely tough definition DBRS has established for the R-1 (high) category, entities rated R-1 (middle) are also considered strong credits, and typically exemplify above average strength in key areas of consideration for the timely repayment of short-term liabilities.

R-1 (low)

Short-term debt rated R-1 (low) is of satisfactory credit quality. The overall strength and outlook for key liquidity, debt, and profitability ratios is not normally as favourable as with higher rating categories, but these considerations are still respectable. Any qualifying negative factors that exist are considered manageable, and the entity is normally of sufficient size to have some influence in its industry.
