**Halifax Regional Council**  
**October 24, 2006**

**TO:** Mayor Kelly and Members of Halifax Regional Council

**SUBMITTED BY:** Chris Newson  
for Deputy Mayor Russell Walker, Chair, HRM Grants Committee

**DATE:** October 17, 2006

**SUBJECT:** **By-law T-218 Respecting Tax Exemption for Non-Profit Organizations: 2006-2007**

---

### **ORIGIN**

This report originates with staff of the HRM Financial Services and the HRM Grants Committee. The report makes recommendations for the approval of Regional Council regarding renewals, new applications, deletions, and changes to By-law T-200. This report was approved by the Grants Committee October 2nd, 2006.

**Note:** Applications from non-profit cooperatives, affordable housing, and special care facilities have been deferred for further review and will be addressed in a separate report.

### **RECOMMENDATION**

It is recommended that Regional Council:

1. Set a date for a public hearing to approve the recommended exemptions or partial exemptions set out in Attachment 2 of this report (Schedule 26 and Schedule 29); the removal of accounts as set out in Attachment 3; and records management changes as detailed in Attachment 4, effective April 1, 2006, unless otherwise noted.
2. The tax exemption or partial exemptions provided under By-law T-200 for the fiscal year 2005-2006 shall also apply for the fiscal year 2006-2007.

## **BACKGROUND**

The Municipal Government Act (1998), Section 71, permits municipalities, at their discretion, to provide partial or full tax exemption to non-profit organizations and charities who provide a service that might otherwise be a responsibility of Council. HRM has implemented such a program under By-law T-200. Legislation requires a public hearing.

### **Renewals:**

Unless noted to the contrary in this report, the 169 organizations currently listed on the by-law for a total of 340 properties shall be reviewed for fiscal year 2006-2007. The cost of these existing tax subsidies is \$1,802,615; 97% of budget capacity. The cost of existing subsidies increased \$98,255 over last year due to changes in assessment values. A complete listing of properties on By-law T-200 is posted on the HRM web site.

### **New Applications:**

This year's program received 41 on-time applications for a total of 292 properties. Thirty-five (35) applications were from organizations new to the program and seven (7) from groups already on the by-law seeking an increase in subsidy level or the addition of a property. Staff have recommended five (5) additions, eight (8) be declined, and twenty-nine (29) applicants be deferred. Under records management a total of ten (10) properties are to be removed from the program.

Throughout this report all figures are rounded to the nearest dollar.

## **DISCUSSION**

### **Affordable Housing**

This year's program received an unprecedented number of applications from the affordable housing sector, notably twenty-two (22) non-profit housing cooperatives for a total of 258 properties. Twenty (20) of these applicants, and a further four (4) housing/residential facilities have been deferred pending confirmation of reporting requirements for provincial or federal subsidies. Presently, By-law T-200 includes various forms of supportive and affordable housing including emergency shelters, residential addictions treatment, supportive housing for persons with special needs (disabled, mental health consumers), post-incarceration, and independent affordable housing. The program does not recognize nursing homes, Small Options homes, or sub-leases in government subsidized public housing. The HRM Grants Committee have determined that more detailed consideration of the implications of such municipal subsidies is warranted.

### **Harbour City Homes**

Harbour City Homes tax appeal will be addressed in a separate report as part of HRM's proposed settlement negotiations. The applicant has been notified in writing.

### **Program Evaluation**

In the opinion of staff, the *Tax Exemption for Non-Profit Organizations Program* warrants a comprehensive evaluation. Specifically, the efficacy and fairness of the present program relative to the stated aims of the legislation (“...the organization provides a service that might be a responsibility of Council”) and HRM’s strategic goals and financial capacity. It is recommended, however, that such a review, including development of detailed criteria, be postponed pending the findings of the Tax Reform Project scheduled to commence in 2006, or, approval of proposed amendments to the Municipal Government Act authorizing the introduction of a non-profit municipal tax rate. In the interim, staff of Financial Services are developing simplified guidelines for staff regarding the tax status of HRM-owned property and the implications re: facility management agreements and leasing .

### **BUDGET IMPLICATIONS**

The *Tax Exemption for Non-Profit Organizations Program* budget for 2006-2007 is \$1,846,800, an increase of \$166,000 over the prior year. The additional funds are intended to off-set the phased elimination of the business occupancy tax and any increased assessment value for those presently on the by-law.

**Renewals:** Presently, there are 169 organizations (340 properties) on the by-law, excluding nine (9) pre-commitments not on the 2006-07 tax roll, whose renewal accounts for \$1,802,615 of capacity; an increase of \$103,979 over the prior year. This leaves a balance of \$44,150 for 2006-2007.

**Additions:** If approved, the addition of five (5) properties is estimated to cost \$49,271.

**Removal:** If approved, the removal of 10 properties from the by-law will create \$62,846 in capacity for a total of \$106,996 (\$44,150 + \$62,846).

If the recommendations contained in this report are approved, staff estimate a balance of \$57,725 for (a) appeals, (b) new applications deferred, or (c) any approved settlement agreement with Harbour City Homes.

### **FINANCIAL MANAGEMENT POLICIES / BUSINESS PLAN**

This report complies with the Municipality’s Multi-Year Financial Strategy, the approved Operating, Capital and Reserve budgets, policies and procedures regarding withdrawals from the utilization of Capital and Operating reserves, as well as any relevant legislation.

### **ALTERNATIVES**

1. Regional Council could overturn a recommendation of the HRM Grants Committee.
2. Regional Council could amend a recommendation of the HRM Grants Committee.

Under By-law T-213, October, 2004, Regional Council approved an appeal process whereby disputed awards

are referred to the HRM Grants Committee to review additional information or for further investigation by staff. The Councillor making such an appeal is required to appear before the HRM Grants Committee to provide details of the reason for the appeal. The committee reports on appeals to Regional Council through a Supplementary Report and, if required, a public hearing.

The Nova Scotia Nature Trust is a federally registered charity whose mandate is to conserve ecologically significant lands throughout the province. The Trust receives property donations and bequests, acquires property through purchase or exchange, and manages conservation easements to protect woodland, wetlands, coastal plains, islands, waterways, and wildlife. In December, 2005, title to the land was transferred from a private citizen to the Nature Trust. The site is a rare example of undisturbed freshwater lakeshore in an area where natural habitat has diminished due to development. The property is assessed at the Residential rate (\$200). Application has been made for full tax exemption.

*Staff recommend full tax exemption (Schedule 26). The estimated annual cost is \$200.*

*Staff will ask for a confirmation of assessment category from Assessment Services.*

#### **2. Ecology Action Centre, 2705 Fern Lane, Halifax - Environment**

The Ecology Action Centre is a registered non-profit organization and a federally registered Canadian charity. The organization's programming covers an array of environmental issues including coastal protection, energy conservation, ecological agriculture, bio-diversity, transportation, and urban design. In 2005, the group purchased a property located on Fern Street, Halifax, and will move from their rental accommodations in 2006. The property will accommodate staff and volunteers and serve as a demonstration site for resource conservation. The property is taxed at the Residential (\$776) and Commercial rate (\$3,173). The applicant has requested a Conversion from Commercial to Residential tax rate.

*Staff recommend Conversion from the Commercial to the Residential tax rate (Schedule 29), effective as of April 1, 2006. The estimated annual cost is \$2,211.*

*Note: this cost will increase in 2007-2008 when the assessment is revised to reflect the Residential portion is no longer used as a residence and will be re-classified as Commercial in 2007-2008.*

### RECREATION FACILITIES

#### **3. Sackville Heights Community Centre Association, 45 Connolly Road, Sackville - Recreation**

The property located at 45 Connolly Road, Sackville is owned by HRM and operated by a registered non-profit organization and an on-site contractual staff person. The property is assessed at the Commercial tax rate (\$37,284). The operations of the facility are funded primarily through an area rate and supplemented through leases, non-recurring rentals, and society fundraising. The lease agreements hold tenants responsible for a proportional share of property tax. Application has been made for full tax exemption.

*Staff recommend 100% exempt for the balance of the existing lease agreements (ie. to March 31<sup>st</sup>, 2008). A*

*continuation of subsidy level shall be reviewed as part of the lease renewal negotiation process. The estimated annual cost is \$37,284.*

*Staff recommend that HRM appeal the current assessment value to reflect general public access to specific on-site amenities such as gymnasium, meeting room, and HRM office.*

#### **4. Halifax Junior Bengal Lancers, Paddock, Bell Road, Halifax - Recreation**

In 2006, the construction of the Citadel High School necessitated renegotiating the lease agreement between the club and the Province of Nova Scotia for access to land to replace the riding paddock. A temporary site has been secured between the Bell Road Stables (owned by HRM and leased to the club) and the Museum of Natural History (owned and operated by the Province of Nova Scotia). The Province intends to transfer title to a small portion of the museum site at a nominal price to HRM. Subject to Regional Council's approval, HRM will lease the land to the club. A survey will be required for the new lot and submitted to the Registry of Deeds to create a new property identification number and associated tax assessment value.

*Staff recommend 100% tax exemption (Schedule 26) on the lot abutting the Bell Road Stables, located on Bell Road, Halifax, effective as of date of lease agreement with HRM. The estimated annual cost to the program is pending a new assessment classification and value as determined by Assessment Services.*

### **SOCIAL SUPPORTS**

#### **5. Provincial Autism Centre Association, 1456 Brenton Street, Halifax - Medical/Mental Health**

The Craig Foundation made application in 2005-06 but was declined because the property title was held by a numbered business (3090726 Nova Scotia Limited). The company holds the property in trust for the sole benefit of The Craig Foundation, a federally registered Canadian charity; a declaration of trust was filed October 14, 2004. The property is leased by the Craig Foundation to the Provincial Autism Centre, also a federally registered Canadian charity. The Autism Centre provides information to persons with autism and their caregivers, health care providers, and researchers. The lease agreement holds the tenant liable for full payment of property tax and the lease was registered at the Registry of Deeds on September 30<sup>th</sup>, 2005, (documents #83150905/83150970). This registration is to effect billing in the name of the charity. The property is assessed at the Commercial tax rate (\$15,492). Application has been made for a Conversion to the Residential Rate.

*Staff recommend a Conversion from the Commercial to the Residential rate (Schedule 29). The estimated annual cost is \$9,576.*

*Staff have referred the applicant to the Provincial Assessment Services Office to appeal the business occupancy billing.*

#### **7. Duncan MacMillan Nursing Home Society, 22639 Highway #7, Sheet Harbour - Medical/Health**

The Duncan MacMillan Nursing Home Society is a registered non-profit and a federally registered Canadian charity. The property is assessed at the Residential rate (\$8,353). Application has been made for partial exemption at 50% of the Residential rate.

*Staff recommend decline in accordance with the previous decision of Regional Council (Minutes, April 10, 2001) which upheld a policy established by Council in 1999 whereby all nursing homes and long-term care facilities in HRM were to be taxed at 100% of the Residential rate. Further, at the request of Regional Council, Mayor Kelly wrote to the Minister of Health asking that property taxes be included in per diem rates as per other regular operating costs.*

#### **8. Nova Scotia Construction Safety Association, 35 MacDonald Avenue, Dartmouth - Industry**

The Nova Scotia Construction Safety Association is a registered non-profit organization founded by and responsible to the construction industry. The Board of Directors comprises representatives from the Nova Scotia Road Builders Association, Building & Construction Trades Council, Nova Scotia Home Builders Association, Construction Association of Nova Scotia, Nova Scotia Power Inc, and related local business operators. The organization's aim is to reduce the incidence of workplace accidents. The property is assessed at the Commercial rate (\$33,419). A partial exemption has been requested.

*Staff recommend decline. The organization primarily serves business and industry.*

**Note:** applications from similar organizations whose membership and aims are professional or affiliated with business or commerce have been declined (eg. tourism, engineers, architects, denturists).

Application has been made by the Silver Seas Social Club for full tax exemption.

*Staff recommend tax exemption be declined due to ownership by a business entity. Further, there is no lease agreement between the owner and occupant.*

#### **10. Habitat for Humanity, Westphal - Affordable Housing**

In 2005-06, Habitat for Humanity constructed five (5) single family dwellings in Westphal. Typically, the *Tax Exemption for Non-Profit Organizations Program* provides 100% tax exemption during the holding and construction phase of development and reverts to full Residential tax upon sale. The program cannot make retroactive awards or provide a subsidy to an individual owner.

##### **200 Broom Road, Westphal**

The property is a single family dwelling taxed at the Residential rate (\$2,049). This property was sold to a private owner in October, 2001.

##### **204 Broom Road, Westphal**

The property is a single family dwelling taxed at the Residential rate (\$2,049). This property was sold in October, 2005.

*Staff recommend decline. An award cannot be made retroactively. If a private owner meets the eligibility criteria, application could be made for tax assistance under the Residential Tax Exemption Program (Administrative Order 10).*

#### **11. Westmoor 57 Co-Operative Limited, Halifax - Affordable Housing**

Incorporated in 1979, the Westmoor 57 Co-Operative owns and operates 57 single family dwellings located in Halifax. The properties are assessed at the residential tax rate (\$112,612). Application has been made for partial tax exemption. As per a request placed with the Provincial Assessment Office as to eligibility for the CAP program, the Assessment Office's Legal Department quoted the following from the Assessment Act (1998):

“Assessment Roll for Co-operative Housing Section 33 (1) Where real property is held by a company incorporated for co-operative housing purposes and is subject to a mortgage held by the Minister of Housing, each share-holder of the company who is shown on the records of the Minister of Housing as the person entitled to possession shall be assessed for the real property to which he is entitled to possession as if he were the owner thereof.”

Using this portion of the Assessment Act, the 57 individual properties owned by Westmoor 57 Co-Operative were placed in the names of the occupants.

*Staff recommend decline. Property tax is billed to individual occupants and not the registered non-profit owner. The cooperative placed properties in the name of tenants so that application could be made for the Provincial Assessment Cap. If a private owner meets the eligibility criteria, application could be made for tax assistance under the Residential Tax Exemption Program (Administrative Order 10).*

#### **12. Capeland Housing Co-Operative Limited, Halifax - Affordable Housing**

An application for partial tax exemption from Capeland Housing Co-Operative Limited has been withdrawn.

*Withdrawal of application does not compromise future consideration but a new application will be required.*

**13. W. William Non-Profit Housing Association (Alice Housing), 82-84 Ochterloney Street, Dartmouth - Supportive Housing**

Alice Housing provides transitional accommodations for women and children leaving domestic violence. The property located at 82-84 Ochterloney Street, Dartmouth, contains administration offices and meeting rooms for on-site programming to clients of the housing association. The property is assessed at the Residential tax rate (\$2,397).

*Staff recommend application for a tax subsidy be declined: although the property is assessed at the Residential tax rate the premises do not serve as a permanent place of residence. This case has been referred to HRM revenue staff for a confirmation of assessment classification.*

## Attachment 4

### APPLICATIONS RECOMMENDED BE DEFERRED

#### **14. Nova Scotia Safety Village Society, Lot G-3, 100 Duke Street, Bedford - Public Safety**

The Nova Scotia Children's Safety Village Society formed in 2005. The society intends to lease land from St. Paul's Home for the development of a "safety village": a learning environment for children aged 6-12. The society made application for full exemption from property tax. The property owned by St. Paul's Home has been exempt from tax pursuant to provincial legislation: the Act to Incorporate St. Paul's Home (1887). Hence, to date only fire tax has been collected by HRM (\$168).

*HRM Legal Services have confirmed that the tax exempt status of the property will remain in effect under a lease agreement between St. Paul's Home and the Children's Safety Village Society. This interpretation cites clause 2 of the Act to Incorporate St. Paul's Home regarding the "...education and instruction of children and young adults" and clause 6 that permits St. Paul's Home to "...purchase, take and hold real estate, and may sell, lease, mortgage and dispose of the same". As such, the legal authority of the Province of Nova Scotia subsumes that of HRM's interests.*

#### **15. Rocky Lake Development Association, Lot G-3, 100 Duke Street, Bedford - Recreation**

The Rocky Lake Development Association formed in 2002 as a registered non-profit organization for the purpose of developing community facilities on lands located in Bedford. The Association intends to purchase 75 acres of land from St. Paul's Home for the development of recreational amenities and a long-term care facility. To date, the property has been exempt from taxation pursuant an act of the Nova Scotia Legislature; Section 7 of the Act to Incorporate St. Paul's Alms House for Girls (1887). Hence, to date only fire tax has been levied by the municipality (\$168 a year). The Association has requested 100% tax exempt status.

*Staff recommend a decision be deferred until the Agreement of Purchase and Sale is executed and a tax account created in the in the name of the Rocky Lake Development Association. Further detail is required regarding (a) property ownership and sub-leasing, (b) potential on-site commercial activity, and (c) any change in tax status of the property.*

#### **16. Chinese Benevolent Society of Nova Scotia - Ethnocultural**

The Chinese Benevolent Association of Nova Scotia is registered non-profit organization serving the local community. Working in close cooperation with the Chinese Society of Nova Scotia, the association are hoping to develop a chinese cultural centre to be located in HRM. If Bill C-333 (Chinese Recognition and Redress Act) is approved by the federal government, both groups will make application for capital funding. Typically, such a project would be assisted by HRM through 100% tax exemption through the construction phase and then a Conversion from the Commercial to Residential tax rate.

*Staff recommend defer tax exemption pending confirmation of funding and land acquisition.*

### **17. Citadel Amateur Boxing Club - Sport/Recreation**

The Citadel Amateur Boxing Club was incorporated as a registered non-profit organization in 1971. The club occupied space in the Commons Building, Bloomfield Recreation Centre, Halifax, for approximately 20 years. This facility closed in 2005. The club provides boxing instruction, coaching and competition for youth and adult.

*Staff recommend a decision be deferred until the club locates a property and a tax account has been opened in the name of the organization (Citadel Amateur Boxing Club).*

### **18. Feed Nova Scotia , 213-217 Bedford Highway, Halifax - Emergency Assistance**

The property located at 213-217 Bedford Highway, Halifax, is owned by HRM and leased to Feed Nova Scotia under a lease-to-buy arrangement. The premises serve as a food bank, storage, and administrative centre and should be taxed at the Commercial rate (estimated to be ~\$15,247). The property was added to By-law T-200 at amalgamation (Schedule 9) at 50% exempt at the Residential rate. The organization has requested an increase in exemption level to 100% exempt.

*Staff recommend a decision be deferred for 2006-07 on the basis that no tax has been paid to date (at 50% of the Residential rate the organization would pay an estimated \$2,798/year).*

*HRM Real Estate staff have been asked to create a tax account for the 2007-2008 fiscal year.*

### **19. Supportive Housing for Young Mothers, 341 Pleasant Street, Dartmouth - Supportive Housing**

In January, 2006, title to the property located at 341 Pleasant Street, Dartmouth, was transferred from HRM to Supportive Housing for Young Mothers conditional upon development approval for a multi-unit residence. Due to the timing of the transfer, the property will not appear on the 2006-2007 tax roll.

*Staff recommend a decision be deferred until the development agreement has been confirmed and the Agreement of Purchase and Sale closed. Given the timing of the sale, the property is not on the 2006-2007 tax roll.*

### **20. Adsum Association for Women & Children, 101 Albro Lake Road, Dartmouth - Supportive Housing**

Adsum Association for Women & Children provides emergency shelter and transitional housing for women and children leaving domestic abuse. In 2005, HRM transferred title to a parcel of vacant land located at 101 Albro Lake Road for expansion of an existing housing project (Report to Regional Council, August 9<sup>th</sup>, 2005). A condition of sale was that the lot be consolidated with the abutting property owned by the association located at 103 Albro Lake Road, Dartmouth.

*Staff advise that, as per the conditions of the Agreement of Purchase and Sale, the consolidation of the two (2) properties will extend the rate tax subsidy already provided under By-law T-200, at 75% exempt at the Residential rate, to include 101 Albro Lake Road, Dartmouth. The increase in cost to the existing exemption is estimated to be an additional \$285.*

### **21. Quest: Society for Adult Support and Rehabilitation - Supportive Housing**

Quest is a non-profit organization which began operation in July, 2002, as a successor to the Halifax County Rehabilitation Centre, including a transfer of the centre's employees. The society's funding is almost exclusively (approximately 95%) through Nova Scotia Community Services. The organization provides accommodation for developmentally handicapped persons in two (2) Small Options homes and a portion of a seniors public housing apartment building.

The society currently has one (1) recreational property on By-law T-200 - a summer camp in Musquodoboit Harbour. The society has requested the addition of three properties they lease from the Province of Nova Scotia.

**2406 Gottingen Street (Sunrise Manor), Halifax**

The property is a seniors apartment building owned by Nova Scotia Housing Development Corporation and managed by the Metropolitan Housing Authority. Quest leases a portion of the premises. The property is taxed at the Residential rate. The taxes are \$79,113 for the entire building and there is no separate tax account for the portion leased to Quest.

**1 Albyn Avenue, Dartmouth**

The property is owned by Nova Scotia Housing Development Corporation and managed by the Metropolitan Housing Authority. Quest leases the premises for a Small Options program. The property is taxed at the Residential rate (\$2,010).

**Lot A4, 5 Roywell Drive, Lawrencetown**

The property is owned by Nova Scotia Housing Development Corporation and operated by the Metropolitan Housing Authority. Quest leases the premises for a Small Options program. The property is taxed at the Residential rate (\$1,738).

*Staff recommend a decision be deferred. The facilities are owned and managed by the Province of Nova Scotia. It should be noted in relation to 2406 Gottingen Street, Halifax, that HRM currently has an agreement whereby the municipality pays for 25% of the Housing Authority's annual operating deficit (\$2,000,000 in 2005-06).*

*See: Information Report. Regional Council, October 28<sup>th</sup>, 2002, re: Tax Assessment of Small Options Housing. Such facilities are part of a continuum of care administered under the auspices Nova Scotia Department of Community Services and include non-profit and private operators subsidized through a per diem rate.*

**Housing Cooperatives:**

*Staff recommend a decision be deferred pending confirmation of reporting by applicants in receipt of core operating subsidies from provincial and federal government agencies<sup>1</sup>. The Grants Committee have asked staff to confirm if the applicant's submission for a provincial subsidy is based on the full value of property tax billed or the actual taxes paid after any municipal subsidy has been deducted. The aim is to determine if municipal property taxes are recognized as a recurring core operating cost and thereby a core recurring operating cost eligible for subsidy (part of the per diem subsidy). Note: this same question applies to other forms of housing who receive a provincial core operating subsidy or per diem subsidy.*
