COUNCILLORS' OFFICE

MEMORANDUM

TO: Vi Carmichael, Municipal Clerk

FROM: Councillor Linda Mosher, District 17

DATE: February 7, 2002

**SUBJECT: Plowing of Sidewalks on Major Arterial Roads**

---

I would like a staff report pertaining to HRM taking over the responsibility of snow removal on sidewalks located on major arterial roads in HRM that abut the HRM street but do not have any grass plot for snow storage. The snow plows are continually filling in these sidewalks, as there is no where else for the plow to push the snow back. The onus is currently on the home owner to remove this snow and it is becoming a safety and liability issue due to the number of vehicles traveling on these roads and the quantity of snow that must be removed.

Thank you,

  
Linda Mosher
