
Halifax Regional Council
May 14, 2002

TO: Mayor Kelly and Members of Halifax Regional Council

SUBMITTED BY:

Rick Paynter, P.Eng., A/Director, Public Works and Transportation Services

DATE: May 8, 2002

SUBJECT: 2002 Cost Shared Paving of Subdivision Streets

INFORMATION REPORT

ORIGIN

This Information Report originates from staff.

BACKGROUND

The Nova Scotia Department of Transportation and Public Works has requested HRM to submit its prioritized list of gravel subdivision streets to be considered for paving during the 2002 construction season. Copy of letter dated April 22, 2002 from Mr. Don Feeney, P.Eng., Construction Manager, Central District is attached and this Information Report is herewith submitted to Council in response to that request.

DISCUSSION

HRM through previous submissions to Council, has an existing prioritized list of gravel roads awaiting funding for paving under the Aids-to-Municipalities Program. That street listing is attached.

Through previous discussions with Council and members of the public who call repeatedly asking about the timing of the paving of their particular subdivision street, staff has responded in accordance with the attached priority list and it is this list that staff has drawn upon for its submission of gravel roads for consideration of paving for the upcoming fiscal year.

No specific correspondence has been received from the Nova Scotia Transportation and Public Works Department as to how much funding is being allocated to HRM for this paving program for the upcoming fiscal year. In the absence of that definitive information, staff has submitted the attached list of streets for funding consideration. The actual program and budget requirement will, of course, be determined by the Province.

BUDGET IMPLICATIONS

There are no budget implications at this time.

FINANCIAL MANAGEMENT POLICIES/BUSINESS PLAN

This report complies with the Municipality's Multi-Year Financial Strategy, the approved Operating, Capital and Reserve budgets, policies and procedures regarding withdrawals from the utilization of Capital and Operating reserves, as well as any relevant legislation.

ALTERNATIVES

There are no recommended alternatives.

ATTACHMENTS

1. Letter dated April 22, 2002 from Don Feeney, P.Eng., Construction Manager
2. Priority List for Paving of Gravel Roads Outside Core Area dated 8/10/01
3. Halifax Regional Municipality Proposed 2002 Paving of Subdivision Streets

RECEIVED APR 25 2002

April 22, 2002

Mr. Rick Paynter, P. Eng.
Manager, Construction Services
Halifax Regional Municipality
PO Box 1749
Halifax, NS
B3J 3A5

Dear Mr. Paynter:

RE: COST SHARED PAVING OF SUBDIVISION STREETS

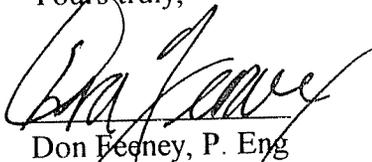

The Department of Transportation and Public Works has reinstated its cost shared program for paving of subdivision streets. Cost shared paving of subdivision streets will be carried out during the 2002 construction season.

You are requested to submit a prioritized list of streets for consideration as candidate projects. If an indication of priority is not shown, it will be assumed that the priority will be in order as submitted.

As in past years, projects will be undertaken on a 50:50 cost shared basis. Please consider the municipality's funding limitations when preparing your list and limit the list to projects the municipality intends to fund. Funding for this construction activity is available for the current fiscal year only and projects must be completed prior to October 31, 2002.

Please submit your list of candidate projects to me no later than May 15, 2002.

Yours truly,

Don Feeney, P. Eng.
Construction Manager
Central District
