SUBJECT: Added Item - Council Agenda - May 28, 2002

I would like to add the following item to the Agenda of the May 28, 2002 Regional Council meeting:

Insurance for Heritage Homes

It has been brought to my attention that owners of heritage homes are being denied insurance protection for their properties. I will be asking Mayor Kelly to send off a letter to key players in the insurance industry with respect to their denial of property insurance to owners of heritage homes.

Thank you.
