MEMORANDUM

TO: Vi Carmichael, Municipal Clerk  
FROM: Councillor Len Goucher, District # 21  
DATE: September 25, 2002  
SUBJECT: Residents Complaint Process Relative to the Blasting By-Law

---

I would like to place the following item on the Agenda of the October 1, 2002 Regional Council meeting:

**Residents Complaint Process Relative to the Blasting By-Law**

The blasting by-law in its present form, provides no vehicle for residents to pursue a remedy from damage incurred during blasting under permit from H.R.M. I am asking for staff comments and a remedy on a process that could be put in place to give residents a venue outside of the current process which, in principle, provides only a legal avenue to resolve blasting issues.

Thank you.
