

ADDITIONS AND DELETIONS

Council Agenda - November 12, 2002

COMMITTEE OF THE WHOLE RECOMMENDATIONS

13.4 RESIDENTIAL ON-STREET PARKING POLICY - By-Law P-1000

It is recommended that Council approve the Residential On-Street Parking Policy as outlined in the staff report dated October 22, 2002.

13.5 QEII Staff Parking Shortage:

It is recommended that Regional Council approve;

- A) Removal of parking meters on the Summer Street, Spring Garden Road, and Sackville Street sides of the Public Gardens. These meters are not well utilized during the winter and early spring months. They would be replaced when the gardens re-open in the spring, or replaced in stages as demand increases into the summer. This would free 105 existing spaces for all-day parking.
- B) Creation of 20 new parking spaces on the west side of Ahern Avenue between the Community College and Bell Road. Parking in this location would have some minor negative impact on traffic flow and would be removed once the QEII parkade opens.
- C) Creation of 25 new spaces on Cogswell Street alongside the Commons. Parking in this location would have some minor negative impact on traffic flow and would be removed once the QEII parkade opens.
- D) For HRM to work with the Province to liaise with Metro Transit in order to provide direct transit from a central location.
