SUBJECT: **Administrative Order 32**
The By-law Development Administrative Order

ORIGIN

The Staff By-law Rationalization Working Group.

RECOMMENDATION

It is recommended that Halifax Regional Council adopt Administrative Order Number 32 Respecting The By-law Development Administrative Order.

BACKGROUND/DISCUSSION

As a part of the By-law Rationalization Process, the Working Group has developed a procedure which it is recommending be followed in the development of new and the consolidated and amending of current by-laws in the future. This process would create a coordinated framework to expedite consistent by-law writing, consultation, approval process, referencing, storing and accessing and to ensure that all business units are aware of the responsibilities they will have in respect of a By-law before it is introduced before Regional Council. It is recommended by the Working Group that the process be incorporated into an Administrative Order and formally approved by Regional Council such that there would be an expectation on the part of Council that the procedure would be followed by all HRM staff before a by-law is brought before Regional Council for consideration for adoption.

The Administrative Order formally creates the By-law Rationalization Working Group made up of appointees from the various business units of HRM.

Under the process, the responsibility for the development of by-laws would rest with the lead business unit responsible for policy in the matrix developed by the By-law Rationalization Working Group. The lead business unit would be assisted in the drafting and approval process by a staff lawyer assigned by HRM Legal Service. The lead business unit will consult with all business units involved in the licensing, administration, remedy and enforcement of the By-law throughout the process and with Financial Services to address any financial considerations. If there is a committee of Council or external stakeholder groups with an interest in the by-law, the lead business unit shall also consult with those committees and stakeholder groups.

On completing the proposed by-law, the lead business unit shall also complete any necessary amendments to the License, Permits and Processing Fees Administrative Order (Administrative Order 15) and have the by-law and administrative order approved as to form by Legal Services. The lead business unit shall then complete a template approved by the By-law Rationalization Working Group which will identify the outcomes of a by-law, business units who will be responsibly for various aspects of its administration, how it will be implemented and the resources required. The By-law, Administrative Order, template and draft staff report shall then be forwarded to the Working Group for its review and approval. No By-law shall proceed to Regional Council with a recommendation for adoption until the Working Group has reviewed the By-law and approved its proceeding to Regional Council for adoption.

After the By-Law and Administrative Order 15 amendments have been approved by the By-law Rationalization Working Group, the lead business unit shall forward the staff report, draft by-law and Administrative Order 15 amendments to Regional Council to give Council an opportunity to discuss the proposed by-law in detail and approve it in principle prior to the formal Notice of Motion being given. If, as a result of the debate, any amendments are proposed, these will be referred back to the Working Group to assess their administrative and resource implications.

The remainder of the Administrative Order merely outlines the formal process before Council.

BUDGET IMPLICATIONS

There are no budget implications at this time. However, one of the purposes of the process is to clearly identify the financial and resource implications of the adoption of any by-law.

FINANCIAL MANAGEMENT POLICIES / BUSINESS PLAN

This report complies with the Municipality's Multi-Year Financial Strategy, the approved Operating, Capital and Reserve budgets, policies and procedures regarding withdrawals from the utilization of Capital and Operating reserves, as well as any relevant legislation.

ALTERNATIVES

There are no recommended alternatives.
