
Halifax Harbour Plan

The Harbour Plan

- Steering Committee
- Literature Review & Research
- Halifax Harbour Background Paper
- Economic Potential Study
- Human Uses of Halifax Harbour Report
- Integrated Harbour Management Research
- Consultation

Findings

- Finite amount of land & water available & competing interests
- Management Structure
- Legislation/Jurisdiction
- Implementation/Action Plan

Preliminary Recommendations

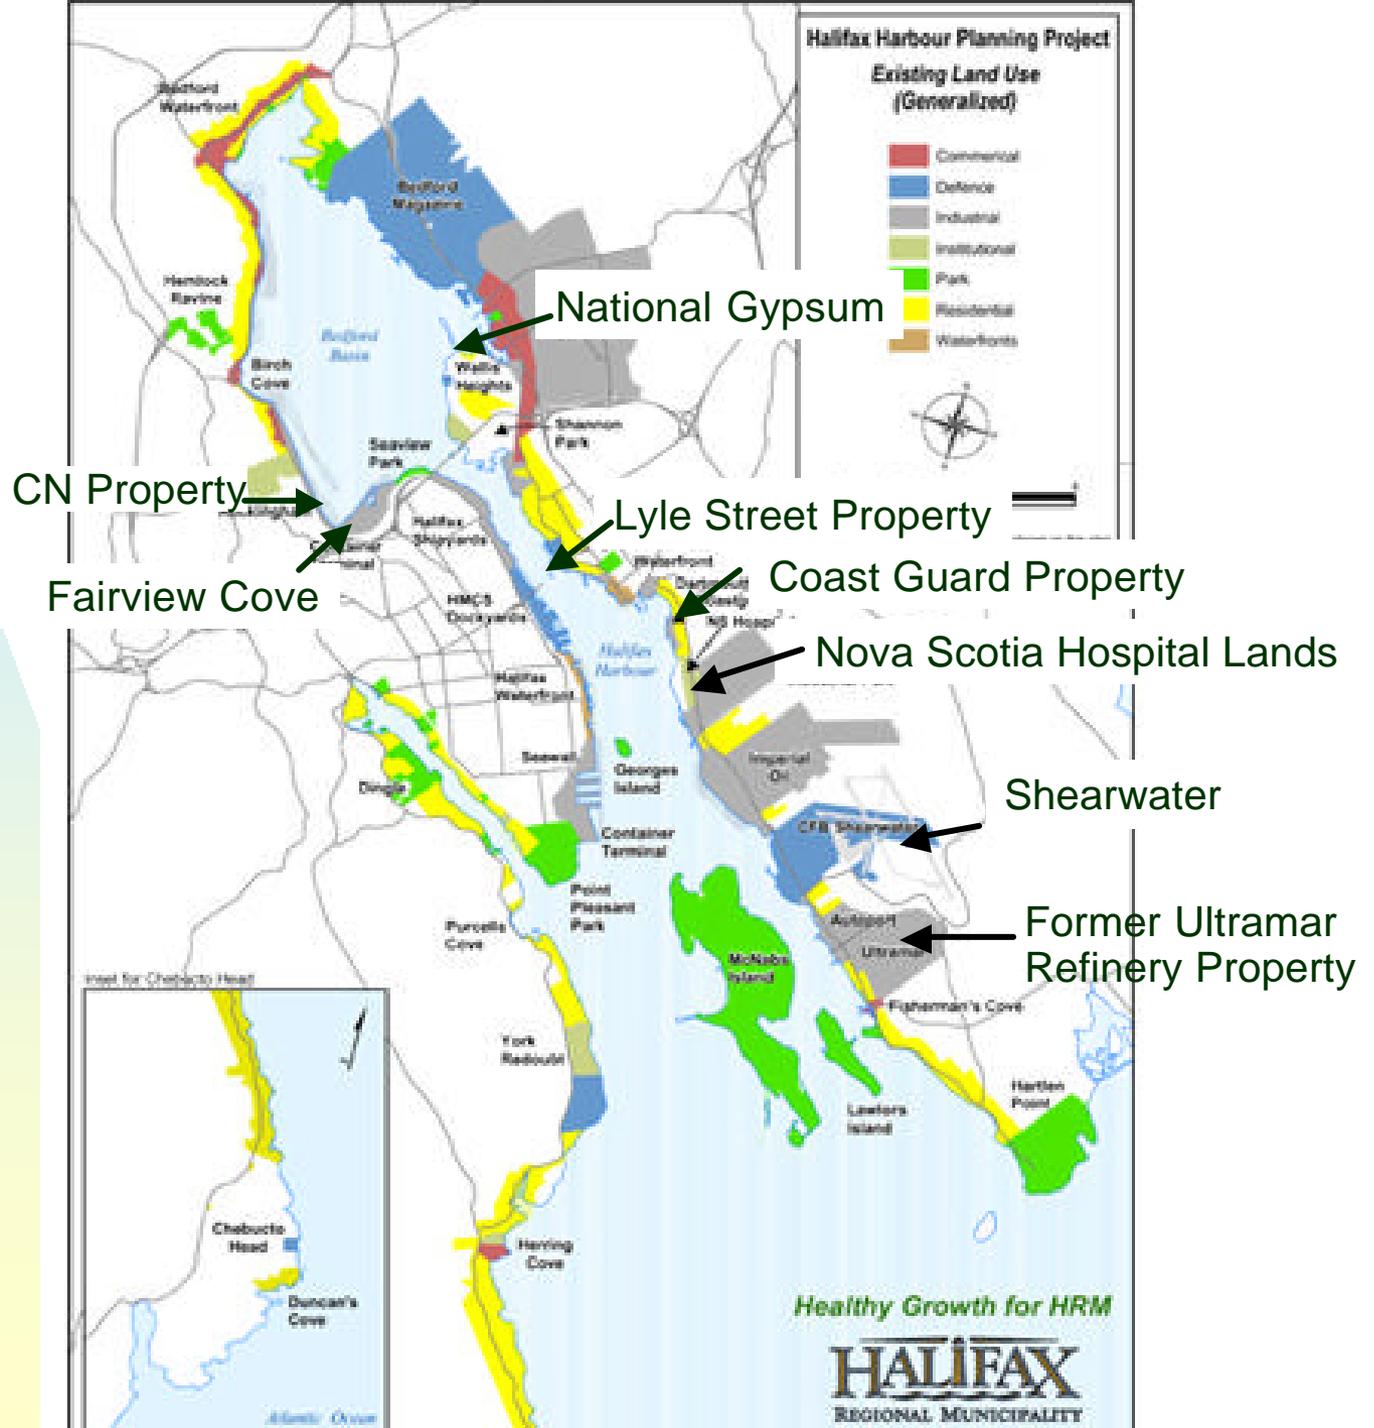

- The Working Harbour
- Transportation Infrastructure
- Recreation Uses
- Residential Uses
- Environment
- Harbour Management/
Administration

The Working Harbour

Recommendations:

1. Maintain the Port of Halifax's global competitiveness
2. Reserve new and redeveloped sites for marine industrial/marine commercial uses

The Working Harbour

Recommendations:

1. Maintain the Port of Halifax's global competitiveness
2. Reserve new and redeveloped sites for marine industrial/marine commercial uses
3. Address potential impacts on adjacent uses

Transportation Infrastructure

Recommendations:

4. Ensure improved freight service to/from the port
5. Undertake study of potential & constraints of a Dartmouth rail line
6. Provide high speed ferry service
7. Explore commuter rail service

Recreation Uses

Recommendations:

9. Plan & develop new parks & trails

Map 5

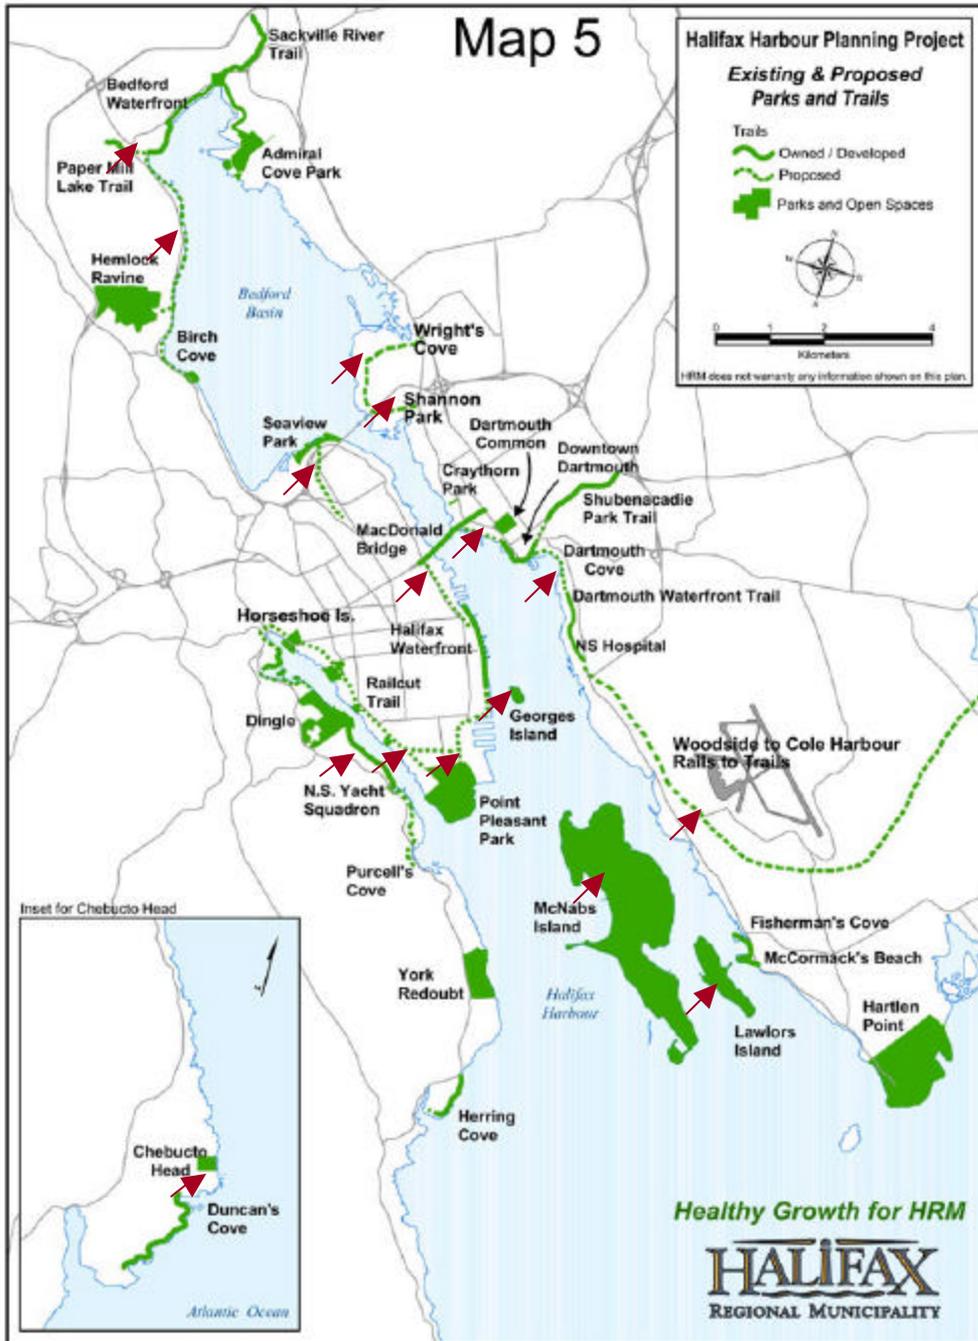

Halifax Harbour Planning Project

Existing & Proposed Parks and Trails

- Trails
 - Owned / Developed
 - Proposed
- Parks and Open Spaces

HRM does not warrant any information shown on this plan.

Healthy Growth for HRM

HALIFAX
REGIONAL MUNICIPALITY

Recreation Uses

Recommendations:

9. Plan & develop new parks & trails
10. Integrate trails with transit service
11. Plan trails around marine/industrial sites
12. Undertake comprehensive plan for Shannon Park
13. Capitalize on tourism potential

Residential Uses

Recommendations:

15. Discourage residential development near marine industrial sites
16. Consider identified locations for multi-unit residential development

Bedford Waterfront
Bedford Highway
Properties

BIO to Wright's Cove

Shannon Park

Dartmouth Waterfront

Dartmouth Cove/Marine Slips

Halifax Waterfront

Residential Uses

Recommendations:

15. Discourage residential development near marine industrial sites
16. Consider identified locations for multi-unit residential development

Environment

Recommendations:

19. Protect Halifax Harbour's ecology as an entire watershed
20. Identify & protect significant environmentally sensitive, cultural heritage & archaeological sites
21. Formulate inter-governmental working agreements
22. Work with other governments on proactive habitat management

Environment

Recommendations:

24. Minimize ship air emissions & waste discharge
25. Undertake a modelling study to predict impacts of climate and weather

Harbour Management / Administration

Recommendations:

28. Research how other harbours are managed and administered
29. Establish a task force to discuss Harbour management issues and opportunities

Next Steps

- Confirm Harbour Concept Plan with stakeholders & public
- Prepare a final draft Harbour Concept Plan
- Prepare a final Halifax Harbour Plan and Land Use By-law
